State Senator Bret Allain along with State Representatives Gordon Dove, Sam Jones, Joe Harrison and Karen St. Germain as well as Coastal Protection and Restoration Authority (CPRA) Chairman Chip Kline, St. Mary Parish Levee District President Bill Hidalgo and Terrebonne Parish Levee and Conservation District Executive Director Reggie Dupre will hold a news conference Tuesday, August 25, 2015 at 11:00 a.m. at the Morgan City Municipal Auditorium. The officials will discuss the status of efforts to plan and construct a permanent flood control structure in Bayou Chene. A temporary structure put in place in 2011 is widely credited with protecting St. Mary, Assumption, Lower St. Martin, Lafourche and Terrebonne parishes during the high water event that year. The public is invited to attend.
