FY15 Executive Budget

HB1026 (Funds Bill)

Major changes in HB1026:

House Appropriations Committee action on HB1026:
1. Removed use of Convention Center funds in the amount of $50 million.
2. Eliminated deposit and withdrawal of money into and out of the Coastal Protection and Restoration Fund.
3. Decreased the amount transferred into the Overcollections Fund from the Employment Security Administration Account by $3.5 million. The original amount to be transferred to Overcollections had been $7.35 million.

House Floor action on HB1026:
1. Created the Competitive Core Growth Fund whereby 15.25 percent of the WISE Fund is transferred into the CCGF to be allocated to postsecondary institutions to better align them with the minimum postsecondary education funding formula implementation rate.
2. The same amendment also created the Science, Technology, Engineering, and Math (STEM) Fund whereby 5 percent of the WISE Fund would be allocated to Southern University ($1 million) and Grambling State University ($1 million) for STEM upgrades.
FY15 Executive Budget
HB1 Re-engrossed

Major changes in the FY15 Executive Budget were necessary due to two factors:

1. House Appropriation Committee eliminated the use of the Convention Center Funds and other smaller revenue sources that were identified as non-recurring (mortgage settlements), thereby eliminating the transfer of non-recurring revenue in the Overcollections Fund into the Coastal Protection and Restoration Fund.

2. Recognition of shortfalls in the proposed budget totaling almost $74 million, such as ... $50 million needed for the MFP $14.9 million for TOPS $7 million for Local Housing of State Adult Offenders $1 million for elections $700,000 for the Youth Challenge Program
Preamble Cuts — House Appropriations Committee added several preamble cuts to HB1 totaling roughly $140 million in State General Fund:

$75,659,793 SGF — Non-specified cuts across HB1.

$25 million SGF — Reduction in total dollar value of contracts.

$12 million SGF — Reduction based on historical differences between budget authority of each budget unit and the actual expenditures of the budget unit.

$17,470,496 SGF — Reduction of funding from vacant positions (includes authorization to reduce positions associated with the funding).

$1,970,000 SGF — Reduction to program expenditures for overtime.

$6,895,000 SGF — Reduction based on additional savings due to optimization of IT resources.

FY15 Executive Budget
HB1 Re-engrossed Preamble

Preamble Cuts — On the House Floor, other amendments were made to the Preamble:

$1 million in SGF is to be reduced from the total dollar value of contracts within the budget with the funding to be used for School of Pharmacy operations at the University of Louisiana-Monroe.

Other adjustments made by the House:

There was a $44 million double count in Amnesty funds. This discrepancy was addressed by using $28 million from the Overcollections Fund (undesignated), $15 million in bond premiums, and about $1 million from the $75.659 million Preamble cut.

Significant Adjustments from HB1 Original to Re-engrossed

Executive Department

Executive Office

- ($200,000 SGF) House Appropriations Committee Amendment— reduced the funding allocated to the Louisiana Youth for Excellence (LYFE) program.
  - According to the Executive Office while this program is primarily funded by federal funds, it requires a 43% state match. The effect of this reduction is to remove all SGF matching funds therefore the state would no longer be eligible to for the Title V grant since there would be no state match.
  - The $200,000 reduction is used with monies cut from the La. Tax Commission to provide funding for the Office of Workforce Development Program for La. Rehabilitation Services.

Louisiana Tax Commission

- ($562,000 SGF) House Appropriations Committee Amendment — reduced the funding allocated to the La. Tax Commission.
  - According to the commission, this 13% reduction in funding will necessitate a reduction of 7 positions, including 2 positions which were added in the Executive Recommendation to address findings by the Legislative Auditor relative to assessment of public service properties and appeals by property owners about property assessments throughout the state. The commission indicates it will not have the personnel to be able to address the audit findings and may be further hampered in meeting existing workload requirements.
  - The $562,000 reduction is used with monies cut from the LYFE program in the Executive Office to provide funding in the amount of $762,000 for the Office of Workforce Development Program for La. Rehabilitation Services.
Executive Department, continued

Division of Administration

- ($12,150,000 SGF) House Appropriations Committee Amendment—reduced the funding allocated to the Executive Administration Program.
  - Monies used in companion amendment in the Department of Health and Hospitals, Medical Vendor Payments Program, Payments to Private Providers Program for home and community-based waiver services.
  - $12.2 million of program income from CDBG-Disaster Recovery Unit Farm and Agribusiness Recovery loan programs funding from Hurricanes Gustav and Ike was to be utilized for this purpose.
    - However, a House Floor amendment provides for the use of $6.1 million in IAT funds—provided the Division of Administration shall submit an Action Plan Amendment to HUD for the reallocation of such monies for approval for the Uncompensated Care Costs Program for the Greater New Orleans Community Health Connection.
    - And a House Floor amendment provides for the use of $6.1 million in IAT funds—provided the Division of Administration shall submit an Action Plan Amendment to HUD for the reallocation of such monies for approval for the Public Health Services Program for services to uninsured in federally qualified health clinics.

- ($3,722,315 SGF) House Floor Amendment—reduced the funding to the Executive Administration Program.
  - There was a similar amount appropriated in House Appropriations Committee Schedule 20-950 Judgments for payment of a suit entitled “Louisiana Probation and Parole Officers Association v. The Louisiana State Legislature”.

FY15 Executive Budget
Significant Adjustments from HB1 Original to Re-engrossed

Executive Department, continued

Department of Military Affairs
• $750,000 SGF — Adds funding for expenses associated with the U.S. Department of Defense transition and support and to help establish necessary infrastructure for the operating environment in the Military Affairs Program.
• $700,000 SGF — Provides funding for the Youth Challenge Program in the Education Program.

Office of Elderly Affairs
• $6.5 million Stat Deds — Replaces funding out of the Overcollections Fund in the Parish Councils on Aging Program ($5 million) and the Senior Centers Program ($1.5 million) with State General Fund.
• $2.6 million SGF and (22) T.O. — Transfers funding and 22 positions to Elderly Affairs from DHH for the Elderly Protective Services Program.
#### Department of Economic Development

**Office of Business Development**

- $525,000 SGF – Provides additional state general fund for economic development in support of defense communities impacted by fluctuations due to federal base realignment and closure.

#### Department of Culture, Recreation and Tourism

**Office of State Library**

- $1.4 million SGF — Substitutes state general fund for Overcollections Fund to support State Aid to Local Libraries.

#### Department of Public Safety and Corrections — Public Safety Services

**Office of State Police**

- $8.865 million SGF — Adds funding for adjustments to the salary pay grid. [Tied to Preamble reductions involving overtime and IT optimization].
Department of Health and Hospitals

Medical Vendor Payments

- $6.1 million IAT — Adds federal Community Development Block Grant (CDBG) funding via the Division of Administration (DOA) for the Greater New Orleans Community Health Connection (GNOCHC) waiver. This funding is contingent upon the approval of such expenditures by the U.S. Department of Housing and Urban Development (HUD). In addition, CMS would also need to approve an extension of this waiver and, if approved, $16 million in matching federal funds would also need to be appropriated to the Medicaid program.

- $5.3 million Total — Restores funding for reimbursements rates for hospitals to stop the implementation of triage rates for non-emergent care in an Emergency Department and sub-acute care rates in lieu of the current non-differentiated rate structure for these levels of care. There is a companion amendment reducing SGF in DOE - State Activities to provide the state match for this restoration. ($2 million SGF & $3.3 million Federal Funds)

- $0 Total — Substitutes $17 million SGF and $27.6 million out of the Overcollections Fund for ($44.6 million) out of the 2013 Amnesty Collections Fund as this amount of tax amnesty proceeds will not be realized in FY15. [$17 million SGF & ($17 million) Stat Deds]

- $0 Total — Substitutes SGF for IAT of CDBG funds as state match for augmentations in funding for Medicaid home and community-based waiver services. There is a companion amendment reducing SGF in the DOA’s budget to provide the state match for these services. [$12.1 million SGF & ($12.1 million) IAT]

Significant Adjustments from HB1 Original to Re-engrossed

Department of Health and Hospitals, continued

Medical Vendor Payments, continued

• $0 Total — Moves $4 million SGF from the Payments to Private Providers program to the Uncompensated Care Costs program to fund an extension of GNOCHC waiver in lieu other Medicaid services. This is in addition to the $6.1 million of CDBG funding also added by the House. Again, an extension of the the GNOCHC waiver would require CMS approval. When matching federal funds are considered, both the decrease to Privates and the increase to UCC total $10.5 million.

• ($9.2 million) Total — Reduces funding for the Payment to Private Providers program. [($3.5 million) SGF & ($5.7 million) Federal Funds]

Office of Public Health

• $6.1 million IAT — Adds CDBG funding via the DOA for the provision of health care services to the uninsured at the Federally Qualified Health Centers (FQHCs) throughout the state. This funding is contingent upon the approval of such expenditures by HUD.
