FY14 Fiscal Status and 2013/2014 Interim Activities Relative to the Budget

Senate Finance Committee

March 11, 2014
Committee Subject Matter Jurisdiction

* Bills assigned to Finance (Senate Rule 13.4(5))
* Bills assigned in Appropriations
* Dual Referral Rule:

“Senate Rule 13.5.1. Legislative instruments with significant fiscal cost; dual committee referral

Each legislative instrument with an estimated fiscal cost, as reflected in the fiscal note prepared in accordance with Joint Rule No. 4, of one hundred thousand dollars or more annually in any one of the three ensuing fiscal years or with a fiscal cost which, although unspecified in the fiscal note, is indicated in the fiscal note to likely exceed one hundred thousand dollars annually in any of the three ensuing fiscal years shall be referred to a standing committee under the provisions of Rule 13.4, and, if reported, shall be reported in accordance with the requirements of Rule 13.9. However, after such report, any such Senate instrument ordered engrossed, immediately following the engrossment order, and any such House instrument reported favorably or with amendments, immediately following the reading of such report and action on any amendments reported, shall be recommitted by the president to the Committee on Finance.”

Schedule for Finance relative to budget hearings in March and April

* Begin budget hearings immediately due to heavy workload and timing at the end of the session
* Legislative Auditor’s participation to inform the committee on audit findings prior to the departments coming before the committee.
Fiscal Update on Interim Activities:

* As appropriated, the state budget for FY14 was approximately $25.4 billion, and included $8.4 billion in state general fund; $6.7 billion from fees and self-generated revenues and statutory dedications; and roughly $10.4 billion from Federal sources.

* The FY14 Existing Operating Budget as of 12-1-13 was $25.6 billion and reflects adjustments made by REC and JLCB.

Forecast Adjustments

* The REC reduced the current year FY14 forecast by $34.7 million.

* REC also increased the FY15 forecast by $78.4 million.
Changes in the Budget Process

* Two acts of the 2013 Regular Session introduced additional requirements into the budget process:

  * **Act 419** — Made changes regarding official forecasts of the REC and use of funds in the Executive Budget and appropriations bills; and placed limitations on anticipated fund balances.

  * **Act 424** — Content changes for the executive budget; and new submission requirements for the GAB and the Ancillary bill.
Act 419

* This act requires the Revenue Estimating Conference to estimate state general fund, statutory dedications, and fees and self-generated revenues.

* It stipulates that appropriations from any of these means of finance cannot exceed the official forecast.

* At the January meeting, the REC deliberated over new forecast sheets and the requirements of designating certain sources as recurring or non-recurring.

* Two major concerns were the 2013 Amnesty Collections Fund and the Overcollections Fund.
The amnesty program was established for 2013, 2014, and 2015.

During the 2013 Regular Session, $200 million was utilized in the Appropriations Bill, but was not forecast by REC.

To date, collections for the current year total $448 million, thereby exceeding estimates by $248 million.

The program is estimated to receive $122 million for FY15.

The REC declared the revenue as recurring since the amnesty program will last for three years.
R.S. 39:2(27) states:

"Nonrecurring revenue" means revenue received by the state from a source identified by the Revenue Estimating Conference as being of a nonrecurring nature.  *Nonrecurring revenue* does not include revenues received by the state from any source which has been available for the preceding two fiscal years or which will be available for the succeeding two fiscal years.

Coastal Protection and Restoration Fund

Funds allocated to the Coastal Protection and Restoration Fund, in the amount of $51 million in FY15 Nonrecurring Overcollections, will accompany a transfer of the like amount out of the fund.

There is no net loss for Coastal, but it does provide general fund revenues previously designated as recurring for the operating budget.

This funding is allocated for:

- Board of Regents: $39
- Elderly Affairs: $6.5
- Dept. of Education: $4
- State libraries: $1.4
Constitution Article VII, Section 10.(D)(2) states non-recurring revenue shall only be made for the following purposes:

1. (a) Retiring or for the defeasance of bonds ...
2. (b)(i) Providing for payments against the unfunded accrued liability of the public retirement systems ...
3. (ii) For Fiscal Years 2013-2014 and 2014-2015 the legislature shall appropriate no less than five percent of any money designated in the official forecast as nonrecurring to the Louisiana State Employees' Retirement System and the Teachers' Retirement System of Louisiana for application to the balance of the unfunded accrued liability of such systems existing as of June 30, 1988, in proportion to the balance of such unfunded accrued liability of each such system. Any such payments to the public retirement systems shall not be used, directly or indirectly, to fund cost-of-living increases for such systems.
4. (iii) For Fiscal Year 2015-2016 and every fiscal year thereafter the legislature shall appropriate no less than ten percent of any money designated in the official forecast as nonrecurring to the Louisiana State Employees' Retirement System and the Teachers' Retirement System of Louisiana ...
5. (c) Providing funding for capital outlay projects in the comprehensive state capital budget ...
6. (d) Providing for allocation or appropriation for deposit into the Budget Stabilization Fund ...
7. (e) Providing for allocation or appropriation for deposit into the Coastal Protection and Restoration Fund ...
8. (f) Providing for new highway construction for which federal matching funds are available ...
Use of Nonrecurring Revenue

For FY15:

* $14 million will be allocated to the UAL. This is a constitutional requirement.

* $25 million will be allocated to the Budget Stabilization Fund. This is a proposal by the administration.
* The FY13 Year End Balance was certified to the JLCB in January at approximately $162 million.

* It has not been recognized by the REC at this time.

The debt defeasance makes an FY15 debt payment in FY14 and frees up state general fund revenues for other purposes.
This act provides that the general appropriation bill show discretionary and non-discretionary portions of the budget when either Higher Education or Health and Hospitals are reduced from the prior year.

The governor’s proposed FY15 Executive Budget meets the trigger requirement; therefore, HB1 contains two sections of means of financing.

- **Nondiscretionary Expenditures**: $146,747
- **Discretionary Expenditures**: $150,927,461

**Program Description:** The Coastal Protection and Restoration Authority Board is comprised of agency heads from numerous state offices and regional representatives. It is designed to be the public venue to develop and approve coastal policies and budgets focused on hurricane protection and coastal restoration efforts. The board was established to achieve integrated coastal protection for Louisiana through the articulation of a clear statement of priorities, policies and funding. The Coastal Protection and Restoration Authority (CPRA) is working closely with other entities on coastal issues, including the state legislature, the Governor’s Advisory Commission on Coastal Protection and Restoration and Conservation, and the Division of Administration’s Disaster Recovery Unit within the Office of Community Development. Through the Implementation Program, the CPRA will develop, implement and enforce the coastal protection and restoration Master Plan, which will lead to a safe and sustainable coast that will protect communities, the nation’s critical energy infrastructure, and Louisiana’s natural resources.

**Objective:** Through the Administration activity, to implement strategies, projects and activities, set forth in the Coastal Protection and Restoration Authority’s Louisiana Comprehensive Master Plan for Sustainable Coast and Annual Plan as approved by the Louisiana Legislature.

**Performance Indicator:** Acres directly benefited by projects constructed (actual for each fiscal year) 11,351

**Objective:** Through the Flood Protection activity, implement strategies, projects and activities, which are set forth in the Coastal Protection and Restoration Authority’s Comprehensive Master Plan for a Sustainable Coast and the Annual Plan, as approved by the Louisiana Legislature.
