Budget Chronology
FYs 14 and 15 and
FY16 Governor’s Executive Budget Proposal

Louisiana Senate Committee on Finance
Presented by Senate Fiscal Services Staff
April 15, 2015
Chronology of Budget Events for 2014, 2015, and 2016

FY14 Year End Balance, FY15 Existing Budget, and FY16 Recommended

- **October 2014**
  - The Division of Administration announced year-end cash balances contained within the general fund that had previously not been recognized.
  - The amount totaled almost $346 million. **Without the $346 million, the year-end balance would reflect a deficit of $167.3 million.**
  - The availability of the previously unaccounted revenue leaves a balance of $178 million in additional revenue —> surplus.
  - In January 2015, REC recognized the revenue as non-recurring; therefore, it is limited to the six purposes outlined in the La. Constitution.
FY14 Surplus
Expenditure of Non-Recurring State Funds

[La. Const. Art. VII, Sect. 10(D); R.S. 39:34]

1). “Retiring or for the defeasance of bonds ... 

2). Providing for payments against the unfunded accrued liability ... 
   
   • In FY14 and FY15, no less than 5 percent of any designated non-recurring funds shall be dedicated to the UAL of LASERS and Teachers' Retirement; from FY16 and beyond, the amount increases to 10 percent.

3). Providing funding for capital outlay projects ... 

4). Providing for allocation or appropriation for deposit into the Budget Stabilization Fund ... 25 percent shall be deposited in the Stabilization Fund.

5). Providing for highway construction for which federal matching funds are available ...

6). Deposits into the Coastal Protection and Restoration Fund ...”
FY15 Total Budget as enacted was $29.1 billion.

Total included the General Operating Budget — HB1 (Act 15 of the 2014 R.S.), and the Capital Outlay, Legislative, Judicial, Non-Appropriated Requirements, and Ancillary budgets.

Means of Finance for the FY15 Total State Budget included:

- $8.8 billion State General Fund;
- $2.1 billion Interagency Transfers;
- $3.9 billion Fees and Self-generated Revenues;
- $4.3 billion for Statutory Revenues;
- and $10 billion Federal.

**FY15 Total Enacted**

**$29.1 Billion**

- Capital Outlay $1,756,664,577 (6%)
- Legislative $108,307,938 (0%)
- Judiciary $175,998,230 (1%)
- Non-Appropriated Requirements $311,470,216 (1%)
- Ancillary $2,079,436,099 (7%)
- General Appropriations $24,716,012,320 (85%)

**FY15 Enacted MOF**

**$29.1 Billion**

- Federal $10,030,496,787 (34%)
- SGF $8,757,751,385 (30%)
- IAT $2,112,491,216 (7%)
- FSGR $3,922,643,557 (14%)
- Stat Deds $4,324,506,435 (15%)
As enacted, HB1 contained a $75.7 million Preamble reduction (immediate reduction of SGF).

The commissioner testified the reductions would be achieved through GEMS efficiencies. (Governmental Efficiencies Management Support).

In December 2014, the Division of Administration testified that GEMS efficiencies have resulted in savings of $50.2 million.

The April 2015 fiscal status statement shows that $35.6 million has been reduced; roughly $40.7 million must still be reduced.
In November, the REC met and reduced the current year forecast by $171 million and the FY16 estimate by $201 million.

1st Deficit Elimination Plan

- The Division of Administration presented a deficit elimination plan that relied significantly on other means of financing sources in the amount of $137 million, such as:
  - $34.2 million — 2013 Tax Amnesty Fund (DHH);
  - $28.6 million — Overcollections Fund – FY14 unappropriated SGR/IAT Reversions (DHH);
  - $15 million — Insurance Verification Fund (DHH);
  - $12.4 million — Overcollections Fund – FY14 unappropriated SGF Reversions (DHH);
  - $12 million — Risk Management (DHH).

- Approximately $37 million of the plan represents State General Fund, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds.
On January 26, REC met and further reduced the current year forecast by $103.5 million and the FY16 estimate by $203.8 million.

2nd Deficit Elimination Plan

- This decline in the official forecast initiated the necessity of a second mid-year reduction for FY15.
- This second mid-year deficit elimination plan proposed $103.5 million in potential solutions through targeted reductions in contracts, travel and operating services as well as strategic program reductions and continued efficiencies at state agencies. Overall, this plan included:
  - **$60.66 million** in agency reductions — of which $21 m. is SGF.
    - The largest reductions are DOTD ($16.7 m.); DHH ($13 m.); CRT ($3.5 m.); DOA ($2.5 m.); DEQ ($2.5 m.); LDR ($2.2 m.); and Agriculture ($2 m.).
  - **$42.84 million** in revenue opportunities.
    - $11.1 m. from LDR excess collections; $9 m. from Medicaid Trust Fund for the Elderly; $8.2 m. in Riverboat Funds; $8 m. from DEQ; and $4.2 m. from telephone co. property assessment.

**Deficit Drivers:**
One-Time Money and Declines in the Official Forecast Produced the $1.6 Billion Shortfall

**One-Time Money**

$1.2 billion in one-time money has been utilized in the budget.

The LFO estimated at the end of the 2014 Regular Session, there was almost $1 billion in one-time money supporting the FY15 Budget.

**Examples include:**

- Medicaid Trust Fund for the Elderly — $234 m.
- Practice of advance debt payment using non-recurring money — $210 m.
- Use of Overcollections Fund — $260 m.  
  (Funded with pharmaceutical settlements, property sales, GO Zone bond repayments, various fund sweeps, etc.)
- 2013 Tax Amnesty — $150 m.
- Utilization of bond premiums — $34.2 m.
- Elimination of mid-year deficits with one-time revenue options.
Deficit Drivers:
One-Time Money and Declines in the Official Forecast
Produced the $1.6 Billion Shortfall

Official Forecast

In May 2014, oil was forecast at $92.44/barrel for FY15.
  • In January 2015, it dropped to $69.36 for FY 15 and $59.64 for FY16.

The cumulative drop in mineral revenue is ...
  • $275 million reduction in FY15 from the original forecast.
  • $376 million reduction in FY16 from the original forecast.

*No other revenue sources have increased to offset reductions of this magnitude.*

Oil Prices included in the REC official forecast

$69.36 | $59.64 | $64.28 | $66.06 | $70.11

As of April 15, 2015 JLCB meeting; includes second FY15 mid-year reduction.
Chronology of Budget Events for 2014, 2015, and 2016

FY14 Year End Balance, FY15 Existing Budget, and FY16 Recommended

**FY16 Total Budget as recommended is $28.3 billion.**

- Total included the General Operating Budget — HB1 (Act 15 of the 2014 R.S.), and the Capital Outlay, Legislative, Judicial, Non-Appropriated Requirements, and Ancillary budgets.

**Means of Finance for the FY16 Recommended State Budget includes:**

- $9.0 billion State General Fund; $2.2 billion Interagency Transfers; $3.8 billion Fees and Self-generated Revenues; $3.6 billion for Statutory Dedications; and $9.7 billion Federal.

---

**FY16 Total Recommended $28.3 Billion**

- General Appropriations $23,870,088,109 (84%)
- Capital Outlay $1,656,529,527 (6%)
- Legislative $108,307,938 (0%)
- Judiciary $175,998,230 (1%)
- Non-Appropriated Requirements $314,754,249 (1%)
- Ancillary $2,172,121,862 (8%)

---

**FY16 Recommended MOF $28.3 Billion**

- Federal $9,726,332,078 (34%)
- SGF $9,042,826,000 (32%)
- IAT $2,153,547,065 (8%)
- FSGR $3,806,472,769 (13%)
- Stat Deds $3,568,622,003 (13%)

Governor’s FY16 Executive Budget Proposal

Presented to JLCB in February

Currently in Appropriations as HB1 Original
FY15 Format Required:

In the event the Legislative Fiscal Office reports that the budget estimate as provided by the Governor provides for appropriations out of the state general fund and dedicated funds for the ensuing fiscal year for health care as contained in Schedule 09, DHH and for higher education as contained in Schedule 19, Higher Education and Louisiana State University Health Sciences Center Health Care Services Division, in amount less than the appropriations for either purpose as contained for the same schedules in the existing operating budget for the current fiscal year as of the day the Executive Budget is submitted to the Joint Legislative Committee on the Budget, the governor shall cause a General Appropriation Bill to be introduced which shall provide separate recommendations for discretionary and nondiscretionary expenditures and the means of financing such expenditures which are subject to appropriation.

The General Appropriation Bill reflected a Performance-based budget with specific appropriations for each agency and its programs to include key objectives and key performance indicators therefor.
FY16 Format Requires:

In the event the Legislative Fiscal Office reports that the budget estimate as provided by the Governor provides for appropriations out of the state general fund and dedicated funds for the ensuing fiscal year for health care as contained in Schedule 09, DHH and for higher education as contained in Schedule 19, Higher Education and Louisiana State University Health Sciences Center Health Care Services Division, in amount less than the appropriations for either purpose as contained for the same schedules in the existing operating budget for the current fiscal year as of the day the Executive Budget is submitted to the Joint Legislative Committee on the Budget, the governor shall cause a General Appropriation Bill to be introduced which shall provide separate recommendations for discretionary and nondiscretionary expenditures and the means of financing such expenditures which are subject to appropriation.

The General Appropriation Bill shall reflect specific appropriations for each agency and its programs:

- The bill shall include the allocation of expenditures, itemized by category for each agency, as recommended for the ensuing fiscal year in the supporting document.
- The allocation of expenditures shall not apply to any agency or program in Schedule 19, Higher Education, or Louisiana State University Health Sciences Center Health Care Services Division.
- Programmatic structure and performance indicators as the commissioner of administration deems appropriate shall be included in the supporting document.
Positions Reductions

• Total T.O. for FY15 is 53,120 and is reduced to 52,393 for FY16 in the Executive Budget.

• Reductions for FY16 include the elimination of 727 T.O. positions, of which 68 will be true layoffs.

</tbody>
</table>

Note:
• In FY10, approximately 1,400 funded and authorized, but unfilled, positions were eliminated.
• For FY11, almost 3,000 positions were eliminated. Those were primarily vacant-but-funded positions with nearly 2,000 of those being in the Department of Health and Hospitals.
• In FY12, about 6,000 positions in Higher Education that were fully funded by restricted monies were moved off-budget. An additional 4,000 funded positions were eliminated primarily in Higher Education, Corrections, and the Department of Children and Family Services.
• In FY13, nearly 6,400 funded positions were eliminated primarily in Higher Education, Corrections, and the Department of Health and Hospitals.
• For FY14, about 6,000 positions were eliminated due to cooperative endeavor agreements creating public-private partnerships for six of the seven public hospitals.
• From FY08 to February 28, 2015, about 8,400 state employees have been actually laid-off.
Employment Terminology

- Below are the definitions of various employment categories. "Other Charges FTE" would fall within the category/definition of “Non-TO FTE.” All of the definitions below are based on Civil Service documents provided during the Streamlining Commission.

"Authorized positions" means the number of positions approved by the legislature in an appropriation bill to be funded by the salaries continuing category of the accounting system for the state. The number may be adjusted during a fiscal year in accordance with procedures provided by law. (Source: La. R.S. 39:2)

"Table of Organization” or “T.O.” – The number of Authorized Positions as provided for in the General Appropriations Bill. (Source: Civil Service White Paper on Employee Counts and Positions)

Employee Count (“Headcount”) – The number count of individuals currently reported as employed. (Source: Civil Service White Paper on Employee Counts and Positions)

Full-Time Equivalents (“FTEs”) – The number of full-time (40 hours/week) positions represented by aggregating the assigned work hours reported for current employees. (Source: Civil Service White Paper on Employee Counts and Positions)

Non-T.O. FTEs – These are non-authorized positions within a budget unit that are paid through a variety of sources. Most of these positions are in the Other Charges category of an agency’s budget. Examples of Non-TO FTEs would include student workers, restricted appointments, temporary workers, seasonal workers, grant funded positions, and board members. (Source: Civil Service White Paper on Employee Counts and Positions)
Governor’s Recommendation to Eliminate the Shortfall

$1.6 Billion Shortfall for FY16

- Expenditure Eliminations: 47% or $752 million
- Tax Reform: 34% or about $526 million identified
- Replacement Revenue: 19% or $304 million

Identified
Governor’s Recommendation to Eliminate the Shortfall

$1.6 Billion Shortfall for FY16

Replacement Revenue Includes:

- FY14 Year-end Surplus Designated as Non-Recurring: $178 million
- 25 Percent Rainy Day Fund: -$44.5 million
- 5 Percent UAL Allocation: -$8.9 million
- Balance for Operating Budget Support: $125 million
- Additional Amnesty Proceeds: +$50 million
- Bond Premium Proceeds: +$26 million
- Hospital Advance Payments on Equipment: +$59.6 million
- Overcollections Fund: +$52.3 million

Total: $313 million

Replacement Revenue 19% or $304 million
$1.6 Billion Shortfall for FY16

Expenditure Eliminations Include:

- Agency Reductions of 30% or $480 million:
  - Primarily in Higher Education and DHH.
- Continuation Expenses of 10% or $160 million:
  - Merits — $22 million
  - Medical Inflation — $77 million
  - Non-Medical Inflation — $17 million
  - Attrition — $18 million
  - Group Benefits — $25 million (MOF swap)
- Efficiencies of 7% or $112 million:
  - Agency Specific Savings
  - Statewide Procurement
  - Statewide Human Capital Management
Governor’s Recommendation to Eliminate the Shortfall

$1.6 Billion Shortfall for FY16

**Tax Reform Includes:**
- Inventory Tax Credit — $377 m.
- Wind and Solar — $57 m.
- Research and Development — $24 m.
- Ad Valorem for Offshore Vessels — $43 m.
- Musical and Theatrical — $8.6 m.
- Telephone Co Property Tax Credit — $5.3 m.
- Ad Valorem for Certain Natural Gas — $4 m.
- Vehicle Conversion to Alternative Fuel — $3.3 m.
- Sugarcane Trailer Conversion — $2.7 m.
- Milk Producers — $1.4 m.
- Angel Investor — $878 k.
- Historic Residential Rehab — $126 k.

Tax Reform 34% or about $526 million SGF identified

Tied to Higher Education and Health Care

These items are contingent upon the conversion of refundable tax credits to non-refundable tax credits.
Governor’s Recommendation to Eliminate the Shortfall

$1.6 Billion Shortfall for FY16

- Expenditure Eliminations: 47% or $752 million
- Replacement Revenue: 19% or $304 million
- Tax Reform: 34% or about $526 million identified
Can a $1.6 Billion Reduction in Expenditures Be Made?

Non-Discretionary SGF Requirements for FY16

Total Non-discretionary SGF $6,070,707,852
SGF Official Revenue Estimate $8,516,900,000
Supplementary Revenue — Credits $525,926,000
Discretionary/Non-Discretionary History
in $ Billions

Additional Revenue Recommendations Provided by the DOA in the Executive Budget Presentation

Unclaimed Lottery Proceeds
Could generate between $6 million and $9 million in additional recurring dollars for the MFP from unclaimed lottery proceeds.

Other Options
• Sale of surplus property – partnerships: $17 million
• Public-Private Partnerships Opportunities:
  • Properties that the state does not want to dispose will be considered for any Public-Private Partnership opportunities.
• Comprehensive energy performance and enhancement projects are also under consideration.
• Non-essential or under-utilized properties are identified for surplus property sales with many others currently under consideration for FY 16.

Autonomies
• Advanced Degree Tuition - $10 million
• Risk Management Autonomy - $5 to $10 million
Additional Revenue Recommendations Provided by the DOA in the Executive Budget Presentation

Helping families reduce the cost of higher education
- Tax credits (SAVE Initiative)

Securitizing Remaining Tobacco Settlement

Operating Cost Efficiencies
- Efficiencies in agencies funded by FSGR have created savings that can’t be used in the Executive Budget
- **$8.5 million** estimated, including:
  - Treasury - **$935,217**
  - Insurance - **$3.1 million**
  - Tourism - **$2.1 million**
  - Public Safety - **$2.3 million**

Cost of Doing Business Adjustments
Over the past two decades, inflation and growth have increased the cost of doing business all over the country.
Adjusting some of the fees collected by state agencies to cover the increase in costs could generate **$25 million to $75 million** for the state. *(See following slide).*
# Cost of Doing Business Adjustments

*As of April 15, 2015.*
Included in the governor’s Executive Budget is his tax credit reform proposal, which includes items categorized as “expenditures.” These are defined as items that exceed an individual’s or business’s tax liability. In total, supplemental recommendations represent $500 million and are primarily in two areas, Higher Education and DHH.

**SB 543 of the 2014 Regular Session** required specified incentive expenditures to be forecast by the REC separately from the forecasts of revenue available for appropriation, and for these expenditure forecasts to be stated in the executive budget, beginning with FY16. The governor vetoed this bill.

• It has been filed again as **SB 222 for the 2015 Regular Session.**
