

LOUISIANA SENATE

SENATOR PEACOCK VISITS WITH STUDENTS AT AREA SCHOOLS

District 37 State Senator Barrow Peacock (R-Shreveport/Bossier City) is visiting area schools in coordination with the America's Legislators Back to School Program, a national bi-partisan civic education effort sponsored by the National Conference of State Legislators.

While visiting with the students, he discusses the legislative process, consensus and compromise and what it's like to be a state legislator.

So far this school year, Sen. Peacock has visited Broadmoor Middle Laboratory School, Bossier High School and Parkway High School. He is also planning to visit Riverside Elementary School and others this fall.
