SENATOR PERRY SELECTED TO SERVE ON UNIVERSITY OF LOUISIANA AT MONROE'S NATIONAL CAMPAIGN CABINET

District 26 State Senator Jonathan "JP" Perry (R-Kaplan) has been selected to serve on the University of Louisiana's National Campaign Cabinet. Members of the cabinet are selected based on their ability to lead within their communities and professional fields.

As a ULM alum and cabinet member, Sen. Perry will serve to raise awareness of the university's new comprehensive campaign called SOAR: Taking the University of Louisiana at Monroe to New Heights.

"I attribute much of my success as an attorney, businessman and elected official to the education I received from my Alma Mater," said Sen. Perry. "I am proud to serve on this cabinet."

The SOAR campaign focuses on four project areas: student scholarships, opportunities for academic innovation, athletics enhancements, and renovated facilities.
