§1763. Rights and responsibilities

A. For purposes of this Chapter, as long as the professional employer services agreement between the PEO and the client remains in force, a PEO shall be deemed an employer of the covered employees to the extent and for the purposes enumerated in the professional employer services agreement. However, the PEO shall have the following employer rights and responsibilities with regard to such covered employees in any case:

(2) A PEO arrangement shall have no effect on collective bargaining agreements that are in existence prior to the PEO arrangement.

C. This Part shall not apply to contracts for services where no co-employment relationship exists and neither party represents such services as being PEO services.

D. (1) This Part does not exempt a client of a registered PEO or a covered employee from any other license requirements imposed under local, state, or federal law.
(2) A covered employee who is licensed, registered, or certified under law is considered to be an employee of the client for purposes of that license, registration, or certification.
(3) A registered PEO is not engaged in the unauthorized practice of an occupation, trade, or profession that is licensed, certified, or otherwise regulated by a governmental entity solely by entering into a professional employer services agreement with a client or co-employing an employee of such a client.

§1764. Services provided by professional employer organizations

A. Professional employer organizations are persons or entities that offer professional employer services pursuant to a professional employer services agreement. Such PEO shall be considered an employer for purposes of the Employment Security Law, satisfies the exception provided in R.S. 23:1472(12)(E).

(3) "Co-employment relationship" means an employment relationship whereby both the client and the PEO have an employer/employee relationship with the covered employee and the direction and control of the covered employee is shared by or allocated between the client and the PEO pursuant to a PEO service agreement.
(4) "Experience rating" shall have the meaning assigned to it under the Employment Security Law.
(5) "Independent contractor" means a person who, for the purposes of the Employment Security Law, satisfies the exception provided in R.S. 23:1472(12)(E).

(7) "Professional Employer Organization" or "PEO" means any person that offers professional employer services pursuant to a professional employer services agreement with a client, including but not limited to administrative services organizations and employee leasing organizations that provide services pursuant to a PEO agreement. Such PEO shall be considered an employer for purposes of this Chapter.
(8) "Professional employer services agreement" or "PEO services agreement" means an agreement between a professional employer organization and a client pursuant to which the professional employer organization will upon execution of the agreement co-employ a substantial part of a client's workforce and undertake specified responsibilities as an employer for all covered employees that are co-employed by the agreement between the professional employer organization and the client.
(9) "Staffing service" means any person, other than a professional employer organization, that hires its own employees and assigns them to a client to support or supplement the client's workforce. It includes temporary staffing services and leasing companies that supply employees to clients in special work situations such as employee absences, temporary skill shortages, seasonal workloads, and special assignments and projects.
(10) "Temporary employee" is an employee, whether called temporary employee or leased employee, who is recruited by a staffing service or employee leasing company, is assigned to a client by such service or company, and is expected to return to the staffing service or leasing company for reassignment at the end of duties at the client company.

(6)(a) No transfer of experience rating will be approved between any client and the PEO unless it is determined by the administrator that an acquisition of assets has occurred. Co-employment of a client’s employees without an acquisition of the business and its other assets will not of itself constitute an acquisition for purposes of the transfer of experience rating.

(b) However, the experience rating will transfer between one PEO to another when it is determined by the administrator that an acquisition of assets has occurred, even if such acquisition is only of a clearly separable and identifiable or a substantial portion of the first PEO’s labor force.

(7) If a professional employer services agreement is terminated and, within thirty days, the client engages the services of another PEO, both the terminated or terminating PEO and the new PEO will notify the unemployment insurance tax section of the Department of Labor directly within thirty days, and no other action need be taken.

(8) If a professional employer service agreement is terminated and the client resumes sole employment of previously covered employees, any inactive unemployment insurance account previously held by the client will be reopened under its previously existing experience rating. No transfer of experience rating shall be made from the PEO. If there is no previous account number or the account lies dormant for seven years, a new account will be established in accordance with law. If there is no existing experience rating, one will be established pursuant to state law for new businesses.

C. No contracting provider, or agent, trustee, or assignee thereof, may maintain any action at law against an enrollee or insured for payment for contracted health care services which are the legal liabilities of a managed care organization.

E. H. Any health care provider or his agent who files a report with a credit reporting agency for non-payment by an enrollee or insured of any amount which he is prohibited from billing or collecting by Paragraph (E)(1) of this Section shall be legally liable for the provision of any required documentation and for all costs, including attorney fees and court costs, associated with correcting such erroneous credit report.

I. A health maintenance organization, managed care organization or their contracting entities shall not include provisions in their contracts with health care providers which include an incentive or specific payment made directly, in any form, to a health care provider or health care provider group as an inducement to deny, reduce, limit, or delay specific, medically necessary, and appropriate services provided with respect to a specific insured or groups of insureds with similar medical conditions.

J. Nothing in this Section shall be construed to prohibit contracts that contain incentive plans that involve general payments, such as capitation payments, or shared-risk arrangements that are not tied to specific medical decisions involving a specific insured or groups of insureds with similar medical conditions. AMENDMENT NO. 7
On page 2, delete lines 6 and 7 in their entirety, and insert in lieu thereof:

"Section 2. R.S. 22:1419(A)(3) and (4) are hereby amended and
reenacted to read as follows:
§1419. Assessments against insurers; deductions
A.  *   *   *

(3) Regardless of the percentage assessed by the commission,
an amount equal to seven-tenths of one percent of the gross direct
premiums received in this state, in the preceding year, by insurers
doing business in this state and subject to this Part, less returned
premiums shall be deposited by the commission with the state
treasurer to the account on behalf of the Municipal Police Employees'
Retirement System, the Sheriffs' Pension and Relief Fund, and the
Firefighters' Retirement System for the exclusive use of these
retirement systems and allocated as follows:

(a)(i) First, the assessment shall be used for funding of mergers
of local retirement systems with these statewide retirement systems,
such mergers to be funded over a period of thirty years, unless the
Public Retirement Systems' Actuarial Committee deems a shorter
period appropriate. Such shorter period shall not use more than five
percent of the total assessment in any one year, nor shall the
aggregate of all mergers being funded in any one year use more than
twenty-five percent of the total assessment in any one year.

(ii) One million five hundred thousand dollars of the twenty-five
percent of the total assessment which is allocated for the purpose
of mergers shall be expended first to fund the annual actuarial cost
incurred by the State Police Pension and Retirement System with
regard to implementation of the Act which originated as House Bill
No. 495 of the 2001 Regular Session of the Legislature, and this one
million five hundred thousand dollars shall be expended prior to the
funding of any mergers.

(b)(i) First, Second, any funds that remain after the allocations
provided for in Subparagraph (a) of this Paragraph shall be used as
provided for in Item (ii) of this Subparagraph, in meeting the
remaining portion of the actuarially required contributions after
receipt of the employee contributions at the rate established in R.S.
11:62(3), (6), and (9), after receipt of the employer contributions at
the rate established in R.S. 11:103(C), and after receipt of all
dedicated funds and taxes referred to in R.S. 11:103(C)(2)(a), in the
amounts determined by the Public Retirement Systems' Actuarial
Committee. Second, the assessment shall be used for funding of
mergers of local retirement systems or funds with these statewide
systems or funds, such mergers to be funded over a period of thirty
years, unless the Public Retirement Systems' Actuarial Committee
deems a shorter period appropriate. Such shorter period shall not use
more than five percent of the total assessment in any one year, nor
shall the aggregate of all mergers being funded in any one year use
more than twenty-five percent of the total assessment in any one year.

(ii)(aa) Any funds that remain after the allocations provided for
in Subparagraph (3)(a)(ii) of this Paragraph shall be divided into three
thirds and, then, a one-third portion shall be allocated separately to
each of the three systems. Except as otherwise provided in this Item,
each such system shall not receive a greater portion than one-third.

(bb) It is hereby acknowledged that any one system may not
need the entire one-third portion that it receives each year to meet the
remaining portion of its actuarially required contributions. In that
event, any unused allocated funds shall be reallocated to such other
system or systems of the three systems that have a need for
additional funds to meet the remaining portion of the actuarially
required contributions.

(cc) If one system does not need its total annual allocated
portion, but two other systems do use their total annual allocated
portions to meet the remaining portion of the actuarially required
contributions and need additional funds for that purpose, then the
unused allocated portion of the system that did not use its total
annual allocated portion shall be divided equally between the two
systems that need additional funds to meet the remaining portion of
their actuarially required contributions, except that any funds not
needed by either such system shall be reallocated to the other such
system to meet the remaining portion of the actuarially required
costs.

(dd) Funds that are reallocated to a system pursuant to
Subitems (bb) or (cc) of this Item shall be limited to the amount that
is necessary to meet the remaining portion of the actuarially required
contributions of the receiving system.

(d) The phrase "retirement system" or "system" as used in
Paragraphs (3), (4), and (5) of this Subsection shall include the
Sheriffs' Pension and Retirement Fund, as applicable, notwithstanding
that it is technically a retirement fund and not a
retirement system.

(4) After payment of the amounts established by the Public
Retirement Systems' Actuarial Committee to the retirement systems
as provided for in Paragraph (3) of this Subsection, all remaining
funds shall be remitted to the state general fund.

*   *   *

Section 3.(A) The provisions of R.S. 11:1307(A) as set forth in
Section 1 of this Act shall not be applicable to those persons who
retired from or became beneficiaries of the Louisiana State Police
Pension and Retirement System on or before June 30, 2001. The
provisions of R.S. 11:1307(A) shall apply to any such person as R.S.
11:1307(A) was in effect at the time of such person's retirement.

(B)(1) However, notwithstanding any other provision of law to
the contrary, with regard to any person who participated in the
Deferred Retirement Option Plan on or before June 30, 2001, and
who continued in employment after participation in the Deferred
Retirement Option Plan without a break in service and who remains
in such continuous employment on July 1, 2001, the monthly
retirement benefit payable to such person shall be the sum of three
and one-third percent, multiplied by his monthly average salary, and
further multiplied by the years of service credited to his account prior
to the effective date of his participation in the Deferred Retirement
Option Plan, but his total annual benefit shall not exceed one hundred
percent of his average annual salary.

(2)(a) Notwithstanding any other provision of law to the
contrary and specifically the provisions of R.S. 11:1310, the phrase
"average salary" as used in this Subsection for the purpose of
computing the regular retirement benefits of any member who entered
the Deferred Retirement Option Plan based on less than twenty-five
years of service shall mean the average salary including any pay or
salary provided by the legislature in addition to that pay or salary
that is set by either the Civil Service Commission or the State Police
Civil Service Commission for any twelve month period of service occurring while a member of this system, but limited to the first twenty-five years of state trooper service, regardless of whether such state trooper service occurred before, during, or after participation in the Deferred Retirement Option Plan. The phrase “average salary” as defined by this Subparagraph shall be used for purposes of computing the regular retirement benefit that is payable based on all service occurring prior the member’s effective date of participation in the Deferred Retirement Option Plan.

(b) Any supplemental regular retirement benefit which is payable based on service which occurs after the member’s termination of participation in the Deferred Retirement Option Plan shall be based on the greater of the average salary as determined in Subparagraph (a) of this Paragraph or the average salary including any pay or salary provided by the legislature in addition to that pay or salary that is set by either the Civil Service Commission or the State Police Civil Service Commission for any twelve month period of service occurring while a member of this system, but limited to the years of service which are attributable to twenty-five or more years of state trooper service.

(c) For purposes of this Section, “state trooper service” shall not include any service credited to the member’s account based on the purchase of credit for military service or credit based on a transaction executed pursuant to R.S. 11:142, 143, or 158.

(d) For purposes of this Section, “average salary” shall not include overtime, expenses, clothing allowances, or any remuneration resulting from military service.

(3) Any member who is covered by the provisions of this Section and who is either participating in or who has terminated his participation in the Deferred Retirement Option Plan on or before July 1, 2001, shall not have the benefits that are either being credited to or have been credited to his Deferred Retirement Option Plan account recomputed. The Deferred Retirement Option Plan benefits that are either currently being credited to or have been credited to such member’s Deferred Retirement Option Plan account shall be the same as they were upon the member’s effective date of entry into the Deferred Retirement Option Plan.

(4) Any member whose regular or supplemental retirement benefits, or any combination of regular or supplemental retirement benefits, would be reduced because of the application of the provisions of the Act which originated as House Bill No. 495 of the 2001 Regular Session of the Legislature, shall receive the highest combination of any such benefits.

Section 4.(A) The provisions of R.S. 11:1307(A) as set forth in Section 1 of this Act and R.S. 22:1419(A)(3) as set forth in Section 2 of this Act and the provisions of Section 3 of this Act shall all become effective on July 1, 2001; if vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on July 1, 2001, or on the day following such approval by the legislature, whichever is later.

(B) The provisions of R.S. 11:2269(B)(1) as set forth in Section 1 of this Act shall be applied retroactively to August 15, 1999.”
