AMENDMENT NO. 6

On page 1, between lines 8 and 9, insert: "§88. Oilfield site trust accounts
A. (1) If an oilfield site is transferred from one party to another, a site-specific trust account may be established to separately account for each such site for the purpose of providing a source of funds for site restoration of that oilfield site at such time in the future when restoration of that oilfield site is required.

(2) If an oilfield site is transferred from the operator of record to another operator, a site-specific trust account shall be established to separately account for each such site for the purpose of providing a source of funds for site restoration of that oilfield site at such time in the future when restoration of that oilfield site is required.

(3) For purposes of this Part, a transfer shall be deemed to have been made once there is a change in ownership of any kind at an oilfield site. Once established, the site-specific trust account shall survive until completion of site restoration of the associated oilfield site.

B. In the event the parties ~~elect~~ **or operators of record** to a transfer to establish a site-specific trust account under this Section, the assistant secretary shall require an oilfield site restoration assessment to be made to determine the site restoration requirements existing at the time of the transfer, or at the time the site-specific trust account is established. The oilfield site restoration assessment shall be conducted by approved site assessment contractors appearing on a list approved by the commission or acceptable to the commission. The oilfield site restoration assessment shall specifically detail site restoration needs and shall provide an estimate of the site restoration costs needed to restore the oilfield site based on the conditions existing at the time of transfer, or at the time the site-specific trust account is established.

C. The party ~~or parties~~ **or operator of record** to the transfer shall, based upon the site restoration assessment, propose a funding schedule which will provide for the site-specific trust account. The funding schedule shall consider the uniqueness of each transfer, acquiring party **or acquiring operator**, and oilfield site. Funding of the site-specific trust account shall include some contribution to the account at the time of transfer and at least quarterly payments to the account. Cash or bonds in a form and of a type acceptable to the assistant secretary, or any combination thereof, may also be considered for funding. The assistant secretary shall monitor each trust account to assure that it is being properly funded. The funds in each trust account shall remain the property of the commission.

E. When transfers of oilfield sites occur subsequent to the formation of site-specific trust accounts but prior to the end of their economic life, the assistant secretary and the acquiring party **or acquiring operator** shall, in the manner provided for in this Section, again redetermine cost and agree upon a funding schedule. The balance of any site-specific trust account at the time of subsequent transfer shall remain with the oilfield site and shall be a factor in the redetermination.

F. Once the assistant secretary has approved the site-specific trust account, and the account is fully funded, the party **or operator of record** transferring the oilfield site and all prior owners, operators, and working interest owners shall not thereafter be held liable by the state for any site restoration costs or actions associated with the transferred oilfield site. The party acquiring **or the operator acquiring** the oilfield site shall thereafter be the responsible party for the purposes of this Part.

G. The failure of a transferring party **or the transferring operator of record** to make a good faith disclosure of all oilfield site conditions existing at the time of the transfer may render that party **or operator** liable for the costs of restoration of such undisclosed conditions in excess of the balance of the site-specific trust fund.

H. Except as provided in Subsection E **and Paragraph (A)(2)**, the parties to a transfer may elect not to establish a site-specific trust account; however, in the absence of such account, the parties shall not be exempt from liability as set forth in Subsection F of this Section.

§91. Orphaned oilfield sites

B. (1)(a) Prior to declaring a site to be an orphaned oilfield site, the assistant secretary shall seek to notify the ~~last operator~~ **all operators of record**, at ~~his their~~ last known address contained in the department records, of the site that is to be declared orphaned and shall publish a notice in the Louisiana Register that the oilfield site is to be declared orphaned.

(b) If the current operator of record fails to respond or fails to close and restore an oilfield site when ordered by the assistant

secretary, then the assistant secretary shall order, in reverse chronological order from the date of the notice provided in this Subsection, the former operators of record of the oilfield site to close and restore the oilfield site in accordance with the rules and regulations adopted by the assistant secretary.

(c) If resolution of a factual dispute is requested by any owner or operator, the assistant secretary shall hold a fact-finding hearing prior to declaring the site orphaned and the assistant secretary shall make any fact determination necessary to resolve the dispute.

(5) Failure by an operator of record of an oilfield site to close and restore the oilfield site when ordered to do so by the assistant secretary, shall subject that operator to the provisions of R.S. 30:93 and the penalties in R.S. 30:94.

BY SENATOR DONAHUE

AN ACT

To enact R.S. 47:6039, relative to tax credits; to establish the Student Assessment for a Valuable Education (SAVE) Credit Program; to grant a transferable SAVE credit for each student enrolling at a public institution of higher education; to provide for the determination of and limitation on the amount of credit granted and transferred; to require the transfer of the credit to the Board of Regents; to provide for distribution of funds pursuant to the Board of Regent's formula for the equitable distribution of funds to public institutions of higher education; and to provide for related matters. Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 47:6039 is hereby enacted to read as follows:
§6039. Student Assessment for a Valuable Education (SAVE) credit program

A. The Program. (1) The Board of Regents shall implement a Student Assessment for a Valuable Education (SAVE) Credit Program for each student enrolling at a public institution of higher education. Each student assessed shall be granted a SAVE credit provided for in this Section against individual income, sales and use, gasoline, and special fuels taxes equal to the individual amount of a SAVE assessment. The amount of each credit shall not exceed the average household tax liability in Louisiana for the total of the following: individual income, sales and use, gasoline, and special fuels taxes as determined and published by the Department of Revenue no later than June thirtieth of each fiscal year.

(2) The SAVE credit shall be a transferable, nonrefundable credit against the liability as provided by Paragraph (A)(1) of this Section of a student, or his parent or legal guardian, which shall be transferred to the Board of Regents and used solely as provided for in Subsection C of this Section, for each student enrolled in a public institution of higher education on and after July 1, 2015. The procedure for implementing such credit shall be referred to as the SAVE Credit Program.

B. Eligibility determination requirements, reporting of eligible students and transfer and use of funds. (1) The Department of Revenue shall distribute student eligibility determination criteria to the Board of Regents to be used for requesting the credit for student assessments. Student eligibility shall be based on the liability for individual income tax, sales and use taxes, gasoline, and special fuels taxes paid to the state of Louisiana by all of the students and their parents or legal guardians in the prior year as determined by the Department of Revenue as provided for in Paragraph (A)(1) of this Section.

(2) No later than June thirtieth of each fiscal year, the Board of Regents shall certify to the Department of Revenue the total headcount enrollment at public institutions of higher education in the previous fall. The Department of Revenue shall determine the total amount of the credit based on the allowable appropriation, headcount, and the provisions in this Section and shall provide to the treasurer from the current collections of taxes an amount of funds equal to such determination. Upon notification from the Department of Revenue and receipt of the funds, the treasurer is authorized and directed to deposit or transfer such funds into the Higher Education Initiatives Fund pursuant to R.S. 17:3129.6. The secretary of the Department of Revenue and the treasurer shall report immediately such action to the commissioner of administration and the Joint Legislative Committee on the Budget.

(3) In no event shall the credit or assessment exceed the amount appropriated by the legislature from the Higher Education Initiatives Fund each fiscal year. For Fiscal Year 2015-2016, the total allowable amount available for transfer shall be designated in the supplementary section of Schedule 19-671 Board of Regents in the Act that originated as HB1 of the 2015 Regular Session of the Legislature of Louisiana. For Fiscal Year 2016-2017 and thereafter, the total allowable amount available for transfer shall be determined by the legislature.

C. Allocation of SAVE program credits. The Board of Regents shall distribute all funds appropriated from the Higher Education Initiatives Fund derived from the SAVE Credit Program pursuant to its formula for the equitable distribution of funds to public institutions of higher education.

D. No student or student's parent or legal guardian shall be required to pay an assessment that is not offset by a SAVE credit pursuant to this Section.

E. The requirements of R.S. 47:1524 shall not be applicable to the credits provided for in this Section.

Section 2. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.
