BY SENATOR ADLEY

AN ACT

To amend and reenact R.S. 11:102(D) and to enact R.S. 11:102(E), relative to the payment of the unfunded accrued liability of the Teachers' Retirement System of Louisiana; to provide for calculation of particularized unfunded accrued liability payments; to provide for calculation of employer contribution rates; to provide for an effective date; and to provide for related matters.

Notice of intention to introduce this Act has been published.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 11:102(D) is hereby amended and reenacted and

R.S. 11:102(E) is hereby enacted to read as follows:

§102. Employer contributions; determination; state systems

* * *

D.(1) This Subsection shall be applicable to the Teachers' Retirement System of Louisiana effective for the June 30, 2011, system valuation and beginning Fiscal Year 2012-2013. For purposes of this Subsection, "plan" or "plans" shall mean a subgroup within the system characterized by the following employee classifications:

(a) ~~School Lunch Plan A.~~

(b) ~~School Lunch Plan B.~~

(c) Employees of an institution of postsecondary education, the Board of Regents, or a postsecondary education management board who are not employed for the sole purpose of providing instruction or administrative services at the primary or secondary level, including at any lab school and the Louisiana School for Math, Science, and the Arts. **This plan shall be known as "specialty plan 1".**

~~(d)~~(b) Any other specialty retirement plan provided for a subgroup of system members. If the legislation enacting such a plan is silent as to the application of this Subsection, the Public Retirement Systems' Actuarial Committee shall provide for the application to such plan.

~~(e)~~(c) All other teachers, as defined in R.S. 11:701(33), **including members paid from school food service funds as provided in R.S. 11:801 and 811. This plan shall be known as "specialty plan 2".**

(2) For the Teachers' Retirement System of Louisiana, effective for the June 30, 2011, system valuation and beginning with Fiscal Year 2012-2013, the normal cost calculated pursuant to Subparagraph (B)(3)(a) of this Section, shall be calculated separately for each particular plan within the system. An employer shall pay employer contributions for each employee at the rate applicable to the plan of which that employee is a member.

(3) For the Teachers' Retirement System of Louisiana, effective for the June 30, 2011, system valuation and beginning with Fiscal Year 2012-2013, changes in actuarial liability due to legislation, changes in governmental organization, or reclassification of employees or positions shall be calculated individually for each particular plan within the system based on each plan's actuarial experience as further provided in Subparagraph (4)(c) of this Subsection.

(4) For each plan referenced in Paragraph (1) of this Subsection, the legislature shall set the required employer contribution rate equal to the sum of the following:

(a) The particularized normal cost rate. The normal cost rate for each fiscal year shall be the employer's normal cost for employees in the plan computed by applying the method specified in Paragraph (B)(1) and Subparagraph (B)(3)(a) of this Section to the plan.

(b) The shared unfunded accrued liability rate. A single rate shall be computed for each fiscal year, applicable to all plans for actuarial changes, gains, and losses existing on June 30, 2011, or occurring thereafter, including experience and investment gains and losses, which are independent of the existence of the plans listed in Paragraph (1) of this Subsection, the payment and rate therefor shall be calculated as provided in Paragraphs (B)(1) and (3) of this Section. **For years in which Subsection E of this Section is effective, the shared unfunded accrued liability rate shall be replaced with the particularized unfunded accrued liability rates as provided for in Subsection E of this Section.**

(c) The particularized unfunded accrued liability rate. For actuarial changes, gains, and losses, excluding experience and investment gains and losses, first recognized in the June 30, 2011, valuation or in any later valuation, attributable to one or more, but not all, plans listed in Paragraph (1) of this Subsection or to some new plan or plans, created, implemented, or enacted after July 1, 2011, a particularized contribution rate shall be calculated as provided in Paragraphs (B)(1) and (3) of this Section.

(d) The shared gross employer contribution rate difference. The gross employer contribution rate difference shall be the difference between the minimum gross employer contribution rate provided in Paragraph (B)(5) of this Section and the aggregate employer contribution rate calculated pursuant to the provisions of Subsection B of this Section.

(5) Each entity funding a portion of the member's salary shall also fund the employer's contribution on that portion of the member's salary at the employer contribution rate specified in this Subsection.

(6) For purposes of Paragraph (B)(2) of this Section the actuarially required employer contributions and the employer contributions actually received for all plans shall be totaled and treated as a single contribution.

(7) If provisions of this Section cover matters not specifically addressed by the provisions of this Subsection, then those provisions shall be applicable.

E.(1) Effective for the employer contributions required in Fiscal Year 2015-2016 and thereafter, the unfunded accrued liability (UAL) contribution rates of the Teachers' Retirement System of Louisiana shall be particularized as further provided in this Section.

(2) For the purpose of this Section the following shall apply:

(a) Specialty plan 1 accrued liability shall be the accrued liabilities attributable to the population of specialty plan 1 on the June thirtieth of the applicable valuation year.

(b) Specialty plan 2 accrued liability shall be the accrued liabilities attributable to the population of specialty plan 2 on the June thirtieth of the applicable valuation year.

(c) Total system accrued liability shall be the sum of the amounts determined pursuant to Subparagraphs (a) and (b) of this Paragraph.

(d) Specialty plan 1 share shall be the percentage resulting from dividing the accrued liability of specialty plan 1 by the total system liability.

(e) Specialty plan 2 share shall be the percentage resulting from dividing the accrued liability of specialty plan 2 by the total system liability.

(f) Specialty plan 1 assets shall be determined by multiplying the total system assets by the specialty plan 1 share established in Subparagraph (d) of this Paragraph.

(g) Specialty plan 2 assets shall be determined by subtracting the specialty plan 1 assets determined in Subparagraph (f) of this Paragraph from the total system assets.

(h) Specialty plan 1 UAL shall be the accrued liability determined in Subparagraph (a) of this Paragraph minus the assets determined in Subparagraph (f) of this Paragraph.

(i) Specialty plan 2 UAL shall be the accrued liability determined pursuant to Subparagraph (b) of this Paragraph minus the assets determined in Subparagraph (g) of this Paragraph.

(3)(a) Each system valuation shall contain three schedules of amortization bases: the aggregate schedule, specialty plan 1 schedule, and specialty plan 2 schedule.

(b) For Fiscal Year 2015-2016 and for each valuation to which Subparagraph (5)(b) of this Subsection applies, each existing amortization base in the aggregate, positive or negative, shall be allocated between specialty plan 1 and specialty plan 2 by applying the share proportions established in Subparagraphs (1)(d) and (e) of this Subsection. Amortization periods and payment schedules shall be the same for each particularized amortization base as they are for the aggregate amortization base. These particularized amortization schedules shall be used to calculate particularized UAL payments for specialty plan 1 and specialty plan 2 in the same manner as an aggregate UAL payment would otherwise be calculated using the schedule of system amortization bases.

(4) The contribution rate for each specialty plan shall be the sum of:

(a) The particularized normal cost rate as provided in Subparagraph (D)(4)(a) of this Section.

(b) The particularized amortization payment calculated in accordance with the particularized amortization schedule provided in this Subsection divided by payroll of all system-covered positions in that specialty plan.

(c) The total of all over and underpayments determined pursuant to Subparagraph (D)(3)(c) and (E)(5)(d) of this Section divided by payroll of all system-covered positions in that specialty plan.

(d) Any additional particularized amortization rate calculated pursuant to Subparagraph (D)(4)(c) of this Section.

(5)(a) For Fiscal Year 2015-2016, all actuarial assumptions and methods necessary for determining the particularized UAL payments pursuant to this Section shall be based on the assumptions and methods in the June 30, 2014 valuation adopted by the Public Retirement Systems' Actuarial Committee on November 19, 2014.

(b) For each valuation that first applies the latest quinquennial experience study as required by R.S. 11:834(A)(2), the total unfunded accrued liability for the system shall be reallocated as provided for in Paragraph (2) of this Subsection using the actuarial assumptions and methods in that valuation.

(c) For years in which no experience study takes place and after determination of that year's funded percentage and allocations required pursuant to this Section and R.S. 11:102.2 and 883.1, except as provided in Subparagraph (d) of this Paragraph, all gains and losses of the system that would

otherwise form a new shared positive or negative amortization base under Subsection D of this Section shall be allocated by applying the shares established in Subparagraphs (2)(d) and (e) of this Subsection.

(d) Beginning with the valuation at the close of Fiscal Year 2015-2016, over and underpayments provided for in Subparagraph (B)(3)(c) of this Section shall be allocated to each specialty plan based on the actual collections and shall not be allocated pursuant to Subparagraph (c) of this Paragraph.

(5) Contribution rates in this Subsection shall only be effective for a fiscal year in which the Legislative Auditor provides written certification to the system that funds have been appropriated by the legislature through direct appropriation in a law which has become effective which, upon receipt by the system, will be sufficient to offset the increase in the total contributions required by this Subsection to be paid by the specialty plan employers.

Section 2. The Public Retirement Systems' Actuarial Committee shall meet as soon as practicable after the effective date of this Act to adopt a revised actuarial valuation in accordance with the provisions of this Act to be utilized by the Teachers' Retirement System of Louisiana for the 2015-2016 Fiscal Year.

Section 3. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

On motion of Senator Guillory, the committee substitute bill was adopted and becomes Senate Bill No. 285 by Senator Adley, substitute for Senate Bill No. 18 by Senator Adley.

F. For funding purposes, any asset value utilized in the calculation of the actuarial value of assets of a system shall exclude the funding deposit account balance as of the asset determination date for the calculation.
