

# 2016 Flood Overview

**Joshua G. Hollins**  
**Legislative Liaison**

**August 25, 2016**

# Emergency Support Function 1

- DOTD has provided over 40 school buses to transport residents to and from shelters.
- We have provided medical transports for residents in shelters to go to doctor visits, the pharmacy and non-emergency hospital visits.
- We have established regional transportation for residents to downtown Baton Rouge from Zachary, Central, Denham Springs, Walker, Geismar and Gonzales.
- DOTD will assist residents with transportation back to their homes from shelters to assess damage and begin cleanup.

# Emergency Support Function 3

- DOTD District staff closed over 200 roadways as a result of this storm.
- DOTD responded to critical road closures and applied resources to open these roadways as quickly and safely as possible. ( Aqua Dams, Super Sandbags, etc.)
- 1633 bridge inspections & 22 road closures
- DOTD staff is in the process of assessing the damage to infrastructure to request available federal funds to help augment the states cost to repair.

# Debris Removal

- Districts 61 and 62, consisting of 15 parishes, began collecting residential debris on Tuesday, August 23
  - 17 crews have been deployed to Livingston & Tangipahoa parishes
  - 8 crews have been deployed to the Feliciana parishes, as well as East Baton Rouge and Ascension parishes
    - All other parishes within the district will be monitored and crews dispatched to those areas when required.
- District 03, comprised of 9 parishes, will begin collecting debris on Monday, August 29.
  - 15 removal crews will be deployed
