STATE SENATOR JONATHAN PERRY RECEIVES RIGHT TO LIFE LEGISLATIVE AWARD

BATON ROUGE – District 26 State Senator Jonathan (J.P.) Perry (R-Kaplan) has been honored by the Louisiana Right to Life Federation with the Right to Life Legislative Award at the federation's recent legislative breakfast.

"This award is given to a State Senator or Representative who has had a 100% pro-life voting record during a four-year term," stated Benjamin Clapper, Executive Director.

To receive the award, a legislator must not have not been absent from scored pro-life votes more than 40% of the time and have not authored or taken leadership in an amendment or piece of legislation that Right to Life opposed.

"Being blessed with four beautiful children, I will always fight for and defend life from conception to natural death," said Senator Perry.

Senator Perry represents Vermilion Parish in addition to portions of Acadia, Lafayette and St. Landry Parish.
