§4720.57.1 Creation of Sudistricts

A(1) The authority may, in the implementation of a redevelopment plan, create one or more subdistricts to conduct, oversee, or assist in the implementation of such redevelopment plan.

June 11, 2010

The boundaries of such a subdistrict may include all or part of the redevelopment area. Such a subdistrict shall have and exercise such powers and responsibilities as the authority shall specify in the enabling resolution. The full extent of such powers and responsibilities may include such powers as the authority itself may exercise, and such other powers as are given to the subdistrict by this Paragraph or any other law, but any exercise of such powers by the subdistrict shall be confined solely to the geographical limits of the subdistrict. Such a subdistrict may be established to exist at the pleasure of the authority, or for any period of time, or until the happening of any occurrence or occurrences, that the authority may specify.

(2) The creation of a subdistrict shall in no instance result in the detachment, severance, or loss of any power or responsibility granted to the authority by this Chapter, and within the confines of any subdistrict, the authority shall have full jurisdiction, concurrent with that of the subdistrict, to exercise said powers and responsibilities. The fact that a certain power is expressed or implied in this Paragraph as pertinent to a subdistrict's conduct, overseeing, or assistance in the implementation of the redevelopment plan shall not suggest or imply that such power is otherwise denied to the authority. However, the authority and its subdistricts shall not, collectively, have any greater power to tax than that granted, in the first instance, to the authority alone.

(3) Unless otherwise specified in the resolution or other formal act creating the subdistrict, the board members of the authority shall constitute the governing authority of the subdistrict.

(4) Unless otherwise specified in the resolution or other formal act creating the subdistrict, the subdistrict shall be a distinct and separate juridical entity, and the rights, interests, and liabilities of the subdistrict shall not under any circumstances be considered those of the authority.

(5)(a) In addition to the other powers it may be granted, a subdistrict may enjoy, within its geographical boundaries, the powers of tax increment financing, the issuance of revenue bonds, and those other powers that may be exercised by an economic development district created by a local governmental subdivision pursuant to R.S. 33:9038.32. However, the subdistrict shall remain subject to all limitations and reservations applicable to the powers of the authority.

(b) Prior to the dedication of any state sales tax increments to be used for an authorized purpose of a subdistrict, the secretary of the Department of Economic Development shall submit the proposal to the Joint Legislative Committee on the Budget for approval. The submittal shall also include a written evaluation and determination by the department, with input from and certification by the Department of Revenue, of the anticipated increase in state sales tax revenues to be collected within the state over state sales tax revenues that were collected within the state in the year immediately prior to the year in which the proposal is submitted to the committee that would be a direct result of the proposal. In addition, any cooperative endeavor agreement or other agreement providing for the expenditure of funds collected by the state as state sales tax increments and dedicated to a project or for the payment of revenue bonds therefor shall be subject to approval by the State Bond Commission prior to execution by the state.
