§546. Adult Probation and Parole Officer Retirement Fund
* * *

C. Monies in the fund shall be invested in the same manner as the state general fund monies. Interest earned on the investment of monies in the fund, after being credited to the Bond Security and Redemption Fund pursuant to Article VII, Section 9(B) of the Constitution of Louisiana, shall be credited to the fund. All unexpended and unencumbered monies and earnings remaining in the fund at the end of the fiscal year shall remain in the fund, until the legislature provides for enhanced benefits for probation and parole officers in the office of adult services of the Department of Public Safety and Corrections who have service credit in the primary component of the system.

D.(1) Until any actuarially accrued liability for retirement benefits for probation and parole officers in the office of adult services of the Department of Public Safety and Corrections created pursuant to the Act of the 2012 Regular Session of the Legislature that enacted this Subsection has been fully funded, the monies in the fund shall be used exclusively for the purpose of providing funding for such actuarially accrued liability, for payment of any normal cost increase caused by the Act of the 2012 Regular Session of the Legislature that amended this Subsection, and for reimbursement as provided in R.S. 11:605(D)(2).

(2) If the legislature does not provide for such benefit enhancements by June 30, 2015 After such actuarially accrued liability has been fully funded, all monies in the fund shall be available to the Department of Public Safety and Corrections to help defray the costs of supervision of persons on probation or parole distributed by the treasurer on an annual basis to the retirement system for exclusive use in payment of the unfunded accrued liability of the system.

E.(1) As soon as practicable after the effective date of the Act of the 2012 Regular Session of the Legislature which enacted this Subsection, but no later than September 30, 2012, the treasurer shall allocate and distribute to the system from the fund an initial payment of two and one-half million dollars. This payment shall be used first to fully fund the first year's normal cost increase. The balance shall be applied to the amortization of the unfunded accrued liability, if any, created by enactment of R.S. 11:444(A)(2)(d). The June 30, 2012, system valuation shall account for this initial payment.

(2) On October 1, 2013, and on or before October first of each fiscal year thereafter, the treasurer shall allocate and distribute to the system from the fund the amount of any amortization and normal cost payments calculated by the system actuary and contained in the system's valuation for the previous fiscal year and approved by the Public Retirement Systems' Actuarial Committee to be paid from the fund; however, in no case shall the allocation and distribution to the system provided for in this Paragraph exceed the balance in the fund.

(3) In addition to the payment required by Paragraph (2) of this Subsection, on or before October first of each fiscal year, the treasurer shall allocate and distribute to the system from the fund any amount over four hundred thousand dollars of the balance remaining in the fund after the payment required by Paragraph (2) of this Subsection has been made. Thereafter, not less than quarterly, the treasurer shall allocate and distribute to the system any balance remaining in the fund exceeding four hundred thousand dollars. The system shall hold these allocations and distributions in a separate account to be used only for the following purposes:

(a) Funding the next fiscal year's payment for actuarially accrued liability and normal cost payable pursuant to Paragraph (2) of this Subsection, if the balance in the fund is insufficient to fully finance that fiscal year's payment.

(b) To make an additional payment toward the actuarially accrued liability created by the Act of the 2012 Regular Session of the Legislature that enacted this Subsection.

(4) Any unpaid portion of an amortization or normal cost payment for a particular fiscal year shall be included in the next year's system valuation as part of an individualized calculation pursuant to R.S. 11:102(C)(3) and (4).

F. After allocation and distribution to the system for a fiscal year pursuant to Paragraph (E)(2) of this Section, the treasurer shall allocate and distribute to the department from the fund the amount of any reimbursement to be paid pursuant to R.S. 11:605(D)(2).

* * *
§605. Transfer of other service credit
* * *

D.(1) Notwithstanding the provisions of Subparagraph (B)(2)(a) of this Section, any member who is a probation and parole officer in the office of adult services of the Department of Public Safety and Corrections, who was employed on or before December 31, 2001, who elected to transfer from the primary component to the secondary component but who opted not to transfer his primary component service credit on an actuarial basis, who has not upgraded his service credit as permitted pursuant to Subparagraph (B)(2)(b) of this Section, and who retires or begins participation in the Deferred Retirement Option Plan on or after July 1, 2012, shall receive a benefit calculated using a three percent accrual rate for all creditable service in the system earned before the date the member transferred to the secondary component.

(2)(a) Any member who is a probation and parole officer in the office of adult services of the Department of Public Safety and Corrections, who was employed on or before December 31, 2001, who retires or begins participation in the Deferred Retirement Option Plan on or after July 1, 2012, who elected to transfer from the primary component to the secondary component, and who upgraded his service credit as permitted pursuant to Subparagraph (B)(2)(b) of this Section, may elect to be reimbursed without interest for the cost of such upgrade and to have his benefit calculated using a three percent accrual rate for all creditable service in the system earned before the date the member transferred to the secondary component.

(b) Such reimbursement shall be made exclusively from the monies in the fund created pursuant to R.S. 11:546. The department shall promulgate rules for application for, calculation of, and recommendation to the Joint Legislative Committee on the Budget regarding such reimbursement. No application for such reimbursement shall be accepted before October 3, 2012.

(c) The department shall inform the system of the amount of each reimbursement and to whom it was made. The system shall apply an amount equal to each reimbursement to the credit of the department in the next year's valuation and shall add the liability for each reimbursed member's benefit increase to the balance owed to the system.
