(2) He did not retire based on a disability.

(3) He has at least thirty years of creditable service in the retirement system.

B. A retiree to whom this Section applies shall not receive a benefit during the period of his reemployment as provided in this Section unless and until the institution's postsecondary education management board, the Board of Regents, and the board of trustees of the retirement system have received certification that a critical shortage exists. Prior to making such certification, the institution shall comply with the provisions of Subsection C of this Section.

C. In order to declare the existence of a critical shortage, a public postsecondary education institution shall cause to be prominently displayed a listing of positions to which this Section applies that are unfilled or that are filled by reemployed retirees on the websites of the institution, of the institution's management board, and of the Board of Regents.

Additionally, the employing institution shall transmit a monthly contributions report pursuant to R.S. 11:888(A). Such monthly reports shall be transmitted within thirty days of the last day of each month and shall include the salary paid to each individual retiree reemployed under this Section. Should failure to give notice of return to active service or failure to report any other information required by this Section result in any payment being made in violation of this Section, the employing institution shall be liable to the system for the repayment of such amounts.
