AMENDMENT NO. 44

On page 71, delete lines 1 through 7, and insert the following:

"Notwithstanding any provision of law to the contrary, in the event that the 6.2 percent enhancement to the Federal Medical Assistance Percentage (FMAP) pursuant to the Families First Coronavirus Response Act, P. L. 116-217, is extended into Fiscal Year 2022-2023, the commissioner of administration, working with the department, is hereby directed to submit a calculation of the initial estimate of the amount of any excess state funding generated by the 6.2 percent enhancement and of any funding related to the 6.2 percent enhancement that may be necessary for use by the department to finance the increase in expenditures associated with the corresponding extension of the public health emergency to the Joint Legislative Committee on the Budget for its review. The commissioner of administration, working with the department, shall update the estimates on a quarterly basis and submit the updated estimates to the Joint Legislative Committee on the Budget on October 15, 2022; January 15, 2023; and April 15, 2023.

Beginning on October 15, 2022, and monthly thereafter, the department shall submit to the Joint Legislative Committee on the Budget for its review a report itemizing the means of financing and expenditures for Schedule 09-306 Medical Vendor Payments. The department may vary the forecasting methodologies utilized to produce the reports as necessary to ensure the submission of the most accurate projections of revenues and expenditures as practical.

The first report shall include a detailed itemization of the actual means of financing and expenditures for Medical Vendor Payments in Fiscal Year 2021-2022 and budgeted means of financing and the initial allocation of payments and year-to-date expenditures for Fiscal Year 2022-2023 delineated by provider group, state agency, or managed care program. The reporting on the managed care expenditures shall differentiate between expenditures on the ACA Expansion population and the non-expansion population. The first report shall also include, for both the prior and current fiscal years, an itemization of supplemental or directed payment programs by provider group as well as all supplemental or directed payments and uncompensated care costs payments to the LSU Public Private Partnership hospitals. Finally, the report shall also provide the total amount of the expenditures on the Managed Care Incentive Program for both the prior and current fiscal years.

In the second report and each subsequent report submitted monthly thereafter, the department shall include a section detailing the budgeted means of financing versus the projected use of those means of financing to fund the projected expenditures and as adjusted for projected revenue collections by source. In the event a surplus is projected, the department shall provide an explanation of the source of any surplus revenues and the rationale of the department's proposed use of the means of financing. In the event a deficit is projected due to the budgeted means of finance or estimated revenue collections being insufficient to finance projected expenditures, the department shall inform the committee of any other sources of revenues that may be available or adjustments in expenditures that could be implemented within the department to aid in alleviating the projected deficit. Also beginning with the second report and continuing in each report submitted monthly thereafter, the department shall delineate, in the same manner as presented in the first report of the fiscal year, the initial allocation of payments, total projected expenditures, and year-to-date expenditures in Fiscal Year 2022-2023 for each allocation within the programs, the supplemental or directed payment programs, the supplemental or directed payments and uncompensated care costs payments to the LSU Public Private Partnership hospitals, and the total expenditures on the Managed Care Incentive Program.

Further, each report shall include a section specifying the total amount of pharmacy rebates projected to be received by the end of the fiscal year delineated between those generated by drug utilization of the expansion enrollees versus the non-expansion enrollees and, for the non-expansion enrollees, between those receiving health care services under the fee-for-service program versus the managed care program. In addition, each report shall include a section on current expansion and non-expansion enrollment in the Medicaid program and projected expansion and non-expansion enrollment through the end of the fiscal year. Finally, each report shall include a thorough explanation of any policy changes proposed or implemented by the department since the preceding report submitted to the committee, including but not limited to those being proposed or implemented by administrative rule making, state plan amendment, waiver application, or contract amendment, that result in an increase or decrease in revenue collections and/or expenditures.

Notwithstanding any provision of law to the contrary, the Central Louisiana Human Services District shall amend all existing lease agreements so that the lessee and lessor shall jointly agree, in writing, on any licensed tenants annually."
