(2) Ambulances throughout the United States and in many other countries are experiencing significant delays in offloading patients into hospital emergency departments.

(3) The cause of the delay is multifaceted and may include factors such as high demand on emergency departments, hospital staffing challenges, hospital throughput procedures, and hospital administrative policies.

(4) Extended ambulance patient offload times are disruptive to the EMS system by taking the ambulance out of service and decreasing advanced life support services in the community, which increases healthcare costs and can back up the entire continuum of emergency healthcare.

(5) Hospitals and EMS personnel are all acting in the best interest of the patient and agree that providing the best possible patient care is the goal despite offload delay challenges.

(6) It is imperative that ambulance providers and hospitals collaborate to develop statewide, regional, or local plans to address the problem of ambulance patient offload delays.

B. (1) There is hereby created within the Louisiana Department of Health, bureau of emergency medical services, the Ambulance Patient Offload Delay Collaborative which shall analyze and develop solutions to the problem of ambulance patient offload delays.

(3) The collaborative shall hold its first meeting on or before October 1, 2024, and shall meet as often as is necessary to fulfill the requirement of this Section.

(4) The collaborative shall be responsible for all of the following:

(a) Reviewing the Emergency Medical Treatment and Active Labor Act (EMTALA) to clearly understand the rights and responsibilities of ambulance service providers and hospitals.

(b) Collecting and reviewing currently available data from emergency medical services and hospitals concerning ambulance patient offload times.

(c) Developing a set of data collection guidelines and performance measures, as well as a standardized reporting process, to identify and track hospitals that exceed the established industry standards for patient offload delays. These standards should be based on best practices and prioritize patient welfare and safety.

(d) Exploring enacted legislation and best practices and policies in other states and countries that have been successful and promising in resolving or improving ambulance patient offload delays through processes that may be implemented locally or on a regional or statewide scale.

(e) Exploring and researching options for reducing demand on hospital emergency departments from individuals transported by ambulance services, specifically treatment-in-place ambulance services and ambulance transports to alternative destinations other than hospital emergency departments for low acuity patients utilizing the 911 system. Research shall include payment mechanisms and funding options for services provided to patients which reduce emergency department demands.

AMENDMENT NO. 2

On page 1, line 3, after "schools;" delete the rest of the line and insert "to provide for the display of certain historical documents; to provide for the display of the Mayflower Compact, the Declaration of Independence, the Northwest Ordinance, and the Ten Commandments; to provide for displays in each"

AMENDMENT NO. 4

On page 1, line 5, after "applicability;" insert "to provide for legislative intent; to provide for historical context;"

AMENDMENT NO. 5

On page 1, delete lines 8 through 11, and insert the following:
"§2122. Historical documents; displays; legislative intent; historical context; donations

A. The legislature finds and declares all of the following:

(1) In 2005, the Supreme Court of the United States recognized that it is permissible to display the Ten Commandments on government property in *Van Orden v. Perry*, 545 U.S. 677, 688 (2005).

(2) In 2006, the legislature enacted Act No. 602 of the 2006 Regular Session of the legislature which provided for the secretary

of state to publish the Ten Commandments and other historically significant documents for posting in court houses and other public buildings to address "a need to educate and inform the public as to the history and background of American and Louisiana law".

(3) In 2019, the Supreme Court of the United States further recognized that the Ten Commandments "have historical significance as one of the foundations of our legal system. . .", in *American Legion v. American Humanists Association*, 588 U.S. 29, 53 (2019) and, the court also ruled that the displaying of the Ten Commandments on public property may have "multiple purposes" such as "historical significance" and represent a "common cultural heritage". *id.*, 588 U.S. at 54.

(4) Recognizing the historical role of the Ten Commandments accords with our nation's history and faithfully reflects the understanding of the founders of our nation with respect to the necessity of civic morality to a functional self-government. History records that James Madison, the fourth President of the United States of America, stated that "(w)e have staked the whole future of our new nation . . . upon the capacity of each of ourselves to govern ourselves according to the moral principles of the Ten Commandments."

(5) Including the Ten Commandments in the education of our children is part of our state and national history, culture, and tradition.

(6) The text of the Ten Commandments set forth in Subsection B of this Section is identical to the text of the Ten Commandments monument that was upheld by the Supreme Court of the United States in *Van Orden v. Perry*, 545 U.S. 677, 688 (2005).

(7) The Mayflower Compact of 1620 was America's first written constitution and made a Covenant with Almighty God to "form a civil body politic". This was the first purely American document of self-government and affirmed the link between civil society and God.

(8) The Northwest Ordinance of 1787 provided a method of admitting new states to the Union from the territory as the country expanded to the Pacific. The Ordinance "extended the fundamental principles of civil and religious liberty" to the territories and stated that "(r)eligion, morality, and knowledge, being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."

(9) It is the Legislature's intent to apply the decision set forth by the Supreme Court of the United States in *Van Orden v. Perry*, *id.*, to continue the rich tradition and ensure that the students in our public schools may understand and appreciate the foundational documents of our state and national government.

(10) The Supreme Court of the United States acknowledged that the Ten Commandments may be displayed on local government property when a private donation is made for the purchase of the historical monument. *Pleasant Grove City, Utah v. Summan*, 555 U.S. 460 (2006).

(11) It is the intention of the legislature that this Section shall not create an unfunded mandate on any public school governing authority. The school boards are encouraged to use documents that are printed and made available to the schools free of charge.

B.(1) No later than January 1, 2025, each public school governing authority shall display the Ten Commandments in each classroom in each school under its"

AMENDMENT NO. 6

On page 2, delete lines 12 through 14, and insert the following:

"(3) The Ten Commandments shall be displayed with a context statement as follows:

"The History of the Ten Commandments in American Public Education

The Ten Commandments were a prominent part of American public education for almost three centuries. Around the year 1688, *The New England Primer* became the first published American textbook and was the equivalent of a first grade reader. *The New England Primer* was used in public schools throughout the United States for more than one hundred fifty years to teach Americans to read and contained more than forty questions about the Ten Commandments.

The Ten Commandments were also included in public school textbooks published by educator William McGuffey, a noted university president and professor. A version of his famous *McGuffey Readers* was written in the early 1800s and became one of

the most popular textbooks in the history of American education, selling more than one hundred million copies. Copies of the *McGuffey Readers* are still available today.

The Ten Commandments also appeared in textbooks published by Noah Webster in which were widely used in American public schools along with America's first comprehensive dictionary that Webster also published. His textbook, *The American Spelling Book*, contained the Ten Commandments and sold more than one hundred million copies for use by public school children all across the nation and was still available for use in American public schools in the year 1975."

(4) A public school may also display the Mayflower Compact, the Declaration of Independence, and the Northwest Ordinance, as provided in R.S. 25:1282, along with the Ten Commandments.

(5) This Section shall not require a public school governing authority to spend its funds to purchase displays. In order to fund the displays free of charge, the school public governing authority shall do either of the following:

(a) Accept donated funds to purchase the displays.

(b) Accept donated displays."

AMENDMENT NO. 7

On page 2, line 15, delete "(6)" and insert "(6)(a)"

AMENDMENT NO. 8

On page 2, delete lines 18 through 20, and insert the following:

"(b) The state Department of Education shall identify appropriate resources to comply with the provisions of this Section that are free of charge. Once identified, the department shall list the free resources on the department's internet website.

AMENDMENT NO. 10

On page 3, delete lines 2 and 3, and insert the following: "management board or governing authority may spend donated funds to purchase the Ten Commandments or other historical documents provided for in this Section or may accept donated displays."

"Section 2. If any provision or item of this Act, or the application thereof, is held invalid, such invalidity shall not affect other provisions, items, or applications of the Act which can be given effect without the invalid provision, item, or application and to this end the provisions of this Act are hereby declared severable."

The department or a program manager selected by the department as provided in this Section shall administer the program in accordance with state board rules. The state board shall adopt rules for program administration that shall, at minimum, provide for the following:

B.(1) The amount allocated to an account shall be prorated if a student transfers into the program after the beginning of a school year.

(2) If a participating school or service provider requires partial payment of tuition or fees prior to the start of the school year to reserve space for a student, the department may make the partial payment prior to the start of the school year and deduct the amount from subsequent quarterly account deposits to ensure adequate funds remain available throughout the school year; however, if the parent decides not to use the school or service provider, the school or service provider shall return the partial reservation payment to the department which shall credit the amount to the account.

C. The department shall implement a system for parents to direct funds from accounts to participating schools and service providers for qualified education expenses by electronic or online funds transfer. The system shall also allow parents to publicly rate, review, and share information about participating schools and service providers.

(e) The account has been inactive for two consecutive years unless inactivity is due to lack of available funding for accounts.

E. No account funds shall be refunded, rebated, or shared with a parent or student in any manner. Any rebate or refund for goods or services purchased with account funds shall be credited directly to the account.

The governing authority shall not include any such student in its student count for purposes of receiving funding through the minimum foundation program formula or any other state funding.

D.(1) To be eligible to participate in the program, a nonpublic school or service provider shall apply to participate in the program and, if determined to be eligible, accept account funds for providing services covered as qualified education expenses. A nonpublic school shall annually report its full-time tuition and fees to the department.

(2) If the department finds that any participating school or service provider has failed to maintain continuing eligibility criteria or has demonstrated gross or a persistent lack of academic competence, the department shall restrict its ability to serve additional students through the program and may terminate its participation in the program. The department shall report any such action to the state board and to parents of participating students as soon as practicable. Additionally, the state superintendent of education may declare a school or service provider immediately ineligible to participate in cases of financial malfeasance or if its participation endangers the academic welfare, health, or safety of children.

(b) Participating nonpublic schools and service providers shall be given maximum freedom to provide for the educational needs of participating students without governmental control.

(c) Nothing in this Chapter shall be construed to expand the regulatory authority of the state, its officers, or any school district to impose any additional regulation of participating nonpublic schools or service providers beyond those necessary to enforce the requirements of the program.

(d) A participating nonpublic school or service provider that accepts funds pursuant to this Chapter is not an agent of the state or federal government.
