Construction for Highway 167 North Road Project Begins

April 1, 2022 – On Friday, March 25, Sen. Heather Cloud, R-28, joined the Department of Transportation and Development for a groundbreaking ceremony in Turkey Creek, La., to begin the Highway 167 North Road Project.

The \$4.9 million project will cover a 9.22-mile section of U.S. 167 and work on asphalt surface treatment, patching, new pavement, repairing drainage structures, guardrail replacement, striping, and milling asphalt concrete.

“I have fought personally for the Hwy. 167 North project for nearly 10 years and to see this project become a reality is overwhelming,” said Senator Heather Cloud. “Thank you DOTD for your efforts, Evangeline Parish Police Jury who made the request and partnered with us and of course to my colleagues in the legislature, especially Representative Rhonda Butler, who helped to secure the funding.”

Since 2016, nearly \$26.9 million has been invested in Highway 167 improvements statewide.
