SENATOR CATHEY APPOINTED TO SERVE ON JOINT LEGISLATIVE COMMITTEE ON TECHNOLOGY AND CYBERSECURITY

District 33 State Senator Stewart Cathey will serve on the Joint Legislative Committee on Technology and Cybersecurity, as appointed by Senate President Page Cortez. Sen. Cathey joins nine other legislators who are tasked with assisting the legislature as a whole in the evaluation and oversight of matters involving information technology.

“As technology continues to expand across our state, protecting our citizens’ privacy is more important than ever,” said Sen. Cathey. “I look forward to working with my colleagues on the Joint Legislative Committee on Technology and Security as we look to improve the safety and security of personal data while also expanding technological opportunities for our state.”

The committee is set to hold its first meeting on March 2, 2021 at 10:00 a.m. in Room 3 of the Louisiana State Capitol, Baton Rouge, La.
