--	--------------

Provided, however, that of the total appropriated herein for the Payments to Private Providers Program, the department shall restore

the Medicaid reimbursement rates paid to the private providers of Intermediate Care Facilities for people with Developmental Disabilities which have downsized from over 100 beds to less than 35-bed facilities prior to December 31, 2010, to the reimbursement rate in effect on January 1, 2009.

The commissioner of administration is hereby authorized and directed to reduce the State General Fund (Direct) expenditures contained in this budget unit by an amount sufficient to generate a savings of \$21,966,175. Additionally, federal funding in the amount of \$50,253,219 shall be reduced by the commissioner of administration accordingly. Provided, however, that a total of \$67,219,394 in savings shall be generated out of the Payments to Private Providers Program by the implementation of an equitable distribution of reductions to reimbursements for Medicaid services exclusive only of those services for which the payment methodology or minimum threshold is mandated in federal rules, regulations or law such that by reducing such reimbursements would jeopardize federal financial participation in the Medicaid program. Provided, further, that the remaining \$5,000,000 of state general fund shall be reduced from the Payments to Public Providers Program out of the appropriation for the LSU hospitals to offset the loss of federal disproportionate share (DSH) dollars pursuant to the enforcement of the DSH Audit Rule. This reduction shall be distributed as follows: \$3,761,062 to the LSU Health Care Services Division; \$887,285 to the LSU Health Sciences Center - Shreveport; \$186,962 to E. A. Conway Medical Center; and \$164,691 to Huey P. Long Medical Center.

Provided, however, that the commissioner of administration is authorized and directed to adjust the means of finance for this agency by reducing the appropriation out the State General Fund by Statutory Dedication out of the Overcollections Fund by \$318,000,000 and Federal Funds by \$941,904,913.

Provided, however, that the department shall not amend the reimbursement methodology for the utilization of United States Food and Drug Administration approved drugs indicated for immunoprophylaxis of respiratory syncytial virus for at-risk pediatric patients to be more restrictive than was in place on October 1, 2009.

Provided, however, that this legislature recognizes the United States Congress may authorize an increase in the federal financial participation in the Medicaid program by enacting an increase in the Federal Medical Assistance Percentages (FMAP) rate, which the Department of Health and Hospitals is required to utilize for the Medicaid program. In the event that the United States Congress enacts such FMAP change, then the department is hereby directed to withhold spending of the approximately \$90 million in cost reports which are, in turn, to be held for the payment of the federal disallowance."
