The board, after consultation with the secretaries of the Department of Economic Development and Department of Revenue, and with the approval of the governor, may enter into contracts not to exceed five years to provide:

(1) For either:

(a) For contracts entered into or renewed prior to July 1, 2015, the rebate of sales and use tax imposed by the state and imposed by its political subdivisions. For contracts entered into on and after July 1, 2015, the rebate of seventy-two percent of the sales and use tax imposed by the state and all of the sales and use tax imposed by its political subdivisions. The sales and use tax rebate of tax imposed by the political subdivisions shall be granted upon approval of the governing authority of the appropriate municipality or the appropriate parish where applicable, or both, and of the governing authority of any other political subdivision, including the office of sheriff in the case of a law enforcement district. The contracts may be entered into for the following:

* * *

(ii) Final application for any rebate of sales and use taxes granted pursuant to this Section shall be filed no later than six months after the Department of Economic Development signs a project completion report and sends it to the Department of Revenue, the political subdivision, and the business, or no later than thirty days after the end of the calendar year in the case of customer-owned tooling used in a compression molding process. The project completion report cannot be signed until the project is complete and the contract has been approved by the board and the governor. The amount to be rebated shall in no case be greater than the total of the actual amount of the sales and use taxes paid, or, in the case of contacts entered into on and after July 1, 2015, seventy-two percent of state sales and use taxes paid.

* * *

(iv) Requests for rebates of state sales and use tax pursuant to this Section and R.S. 51:2456(B) shall be processed by the Department of Revenue as follows:

* * *

(cc) Failure of the Department of Revenue to timely pay rebates in the amount as provided herein or as provided for in any other provision of law shall entitle the taxpayer to interest, which shall begin to accrue three months after the completed rebate request is received at the rate established pursuant to the provisions of R.S. 13:4202. Payments of interest authorized according to the provisions of this Section shall be made from the current collections of taxes collected pursuant to Chapter 2, Chapter 2-A, or Chapter 2-B of Title 57 of the Louisiana Revised Statutes of 1950, as amended.

* * *

(b) A refundable investment income tax credit equal to one and one-half eight-one-hundredths percent of the amount of qualified expenditures. For purposes of this Paragraph, the term "qualified expenditures" shall mean amounts classified as capital expenditures for federal income tax purposes plus exclusions from capitalization provided for in Internal Revenue Code Section 263(a)(1)(A) through (L), minus the capitalized cost of land, capitalized leases of land, capitalized interest, capitalized costs of manufacturing machinery and equipment to the extent the capitalized manufacturing machinery and equipment costs are excluded from sales and use tax pursuant to R.S. 47:301(3), and the capitalized cost for the purchase of an existing building. When a taxpayer purchases an existing building and capital expenditures are used to rehabilitate the building, the costs of the rehabilitation only shall be considered qualified expenditures.
Additionally, a taxpayer shall be allowed to increase their qualified expenditures to the extent a taxpayer's capitalized basis is properly reduced by claiming a federal credit. A taxpayer earns the investment tax credit in the year in which the project is placed in service, but the taxpayer may not claim the investment tax credit until the Department of Economic Development signs the project completion report or such other time as provided for by rule or regulation. The project completion report for the refundable investment tax credit shall adhere to the same requirements found in Subparagraph (a) for the sales and use tax rebate.

(2)(a) Except as provided in Subparagraph (b) of this Paragraph, for a two thousand five hundred one thousand eight hundred dollar tax credit per net new employee as determined by the company's average annual employment reported under the Louisiana Employment Security Law during the taxable year for which credit is claimed. This tax credit may be applied to any state income tax liability or any state corporate franchise tax liability, but not liabilities for penalty or interest, due or outstanding at the time the credit is generated. However, credits may be applied to a due or outstanding tax liability attributable to tax years prior to the year in which the credit is generated only if the tax liability is the result of an assessment, administrative, or judicial proceeding by the Department of Revenue after an audit, provided that no further interest or penalty shall be accrued on such tax liability after the credit is generated. If the entire credit cannot be used in the year claimed, the remainder may be applied against the income tax or corporate franchise tax for the succeeding ten taxable years or until the entire credit is used, whichever occurs first. These credits shall also apply to those tax liabilities, but not liabilities for penalty or interest, identified in tax years where existing contracts generate the credit.

(b) In lieu of the tax credit provided in Subparagraph (a) of this Paragraph, for aviation or aerospace industries as defined in North American Industry Classification System (NAICS) Code 336311, 336312, and 336313, and 336314, for a five thousand three thousand six hundred dollar tax credit for each new job created. This tax credit may be applied to any state income tax liability or any state franchise tax liability within a ten-year period from the date that the contract becomes effective or until the entire credit is used, whichever occurs first.

(c) Until June 30, 2009, in lieu of the tax credit provided in Subparagraph (a) of this Paragraph, for the motor vehicle parts manufacturing industry as defined in the 3363 NAICS Code Title, for a five thousand three thousand six hundred dollar tax credit for each new job created. This tax credit may be applied to any state income tax liability or any state franchise tax liability within a ten-year period from the date that the contract becomes effective or until the entire credit is used, whichever occurs first. As used in this Subparagraph, the term "NAICS" means the North American Industrial Classification System.

(d) Until June 30, 2012, in lieu of the tax credit provided in Subparagraph (a) of this Paragraph, for the chemical manufacturing industry as defined by NAICS Code 336211, a five thousand three thousand six hundred dollar tax credit for each new job created. This tax credit may be applied to any state income tax liability or any state franchise tax liability within a ten-year period from the date that the contract becomes effective or until the entire credit is used, whichever occurs first. As used in this Subparagraph, the term "NAICS" means the North American Industrial Classification System.

(4) The reduction of the rebates and credits provided for in this Subsection for contracts entered into on and after July 1, 2015, shall only apply to such contracts and not to contracts entered before such date, notwithstanding any other provision of the Act which originated as House Bill 629 of the 2015 Regular Session of the Legislature.
