WHEREAS, the standstill budget for Fiscal Year 2018-2019, as modified for the inclusion of additional means of financing, would total \$9.75 billion; and

WHEREAS, the governor identified approximately \$995.4 million in expenditures that did not receive funding in his executive budget that, if funded, would bring his budget to \$9.5 billion which is less than a modified standstill budget; and

WHEREAS, the programs and amounts which did not receive funding in the executive budget are, as follows:

WHEREAS, since the time the Executive Budget was submitted to the legislature, the Revenue Estimating Conference increased the official forecast by \$346 million as a result of changes in federal tax policies, thereby reducing the projected deficit for Fiscal Year 2018-2019 to \$650 million.

THEREFORE, BE IT RESOLVED that the Legislature of Louisiana can consider reducing the current collection of five pennies of sales and use tax by the state to four and one-half cents, or some portion thereof, which would reduce the tax burden on the citizens of the state and yet maintain a portion of the sales tax by generating approximately \$402 million of the original \$806 million, and further closing the gap between the estimated Fiscal Year 2018-2019 revenues and expenditures."

 WHEREAS, the governor of Louisiana, in accordance with the Constitution of Louisiana presented a Fiscal Year 2018-2019 executive budget allocating only those revenues contained in the then current official forecast of the Revenue Estimating Conference which totaled \$8.6 billion; and
 WHEREAS, the standstill budget for Fiscal Year 2018-2019, as modified for the inclusion of additional means of financing, would total \$9.75 billion; and
 WHEREAS, the governor identified approximately \$995.4 million in expenditures that did not receive funding in his executive budget that, if funded, would bring his budget to \$9.5 billion which is less than a modified standstill budget; and
 WHEREAS, the programs and amounts which did not receive funding in the executive budget are, as follows:

WHEREAS, if the Louisiana Department of Health does not receive the amount of funding set forth above, many, if not all, of the public private partnerships have indicated that they will terminate their agreements with the state, which will eliminate their responsibility to make lease payments to the state which will result in a loss of state revenues and economic activity and cause fiscal instability; and

WHEREAS, since the time the Executive Budget was submitted to the legislature, the Revenue Estimating Conference increased the official forecast by \$346 million as a result of changes in federal tax policies, thereby reducing the projected deficit for Fiscal Year 2018-2019 to \$650 million.

THEREFORE, BE IT RESOLVED that the Senate of the Legislature of Louisiana can consider reducing the current collection of five pennies of sales and use tax by the state to four and one-half cents, or some portion thereof, which would reduce the tax burden on the citizens of the state and yet maintain a portion of the sales tax by generating approximately \$402 million of the original \$806 million, and further closing the gap between the estimated Fiscal Year 2018-2019 revenues and expenditures."
