AMENDMENT NO. 4

On page 1, between lines 6 and 7, insert the following:

A.(1) Except as provided in R.S. 32:378.2(A), 414, and 415(B)(2), upon suspension, revocation, or cancellation of a person's driver's license for the first time only as provided for under R.S. 32:414 and 415 and R.S. 47:296.2, the person, after initial notice from the department, shall have the right to apply to the department for a restricted license. In the event that the department fails or refuses to issue the restricted license, the person shall have the right to file a petition for a restricted driver's license in the district court of the parish in which the applicant is domiciled. Such application or petition for a restricted license shall allege that revocation of his driving privileges will deprive him or his family of the necessities of life, will prevent him from earning a livelihood, or prevent him from obtaining proper medical treatment if disabled. The district court is vested with jurisdiction to set the matter for contradictory hearing in open court upon ten days written notice to the department, and thereupon to determine whether the allegations of hardship have merit. Upon determination by the department or the court that the lack of a license would deprive the person or his family of the necessities of life or prevent the licensee from obtaining proper medical treatment if disabled, the department may grant or the court may order that the person be granted, by the department, a restricted license to enable the person to continue to support his family or to obtain such medical treatment as provided for in this Section. The restrictions of said license shall be determined by the department or the court and shall include the following:

(a) Licensee shall be permitted to operate a motor vehicle only on such streets or watercraft on the waterways of the state as would enable him to earn his livelihood or for treatment of his debilitative condition as provided for in Subparagraph (e) of this Paragraph.

(b) Such operation is restricted to such times during which he is involved in earning a livelihood or for treatment of his debilitative condition as provided for in Subparagraph (e) of this Paragraph.

(c) During the period of suspension, licensee shall be responsible for applying to the court in the event that either earning his livelihood or treatment of his debilitative condition as provided for in Subparagraph (e) of this Paragraph necessitates a change in the original restrictions proposed by the department or the court.

(d) Any other restrictions that the court determines to be necessary and proper.

(e) If the licensee is disabled and such disability is a physical impairment that substantially limits one or more of the major life activities of the licensee, such licensee shall be permitted to operate a motor vehicle only on such streets and at such times as would enable him to obtain medical treatment for his debilitative condition.

(f) In addition to any other restrictions determined necessary and proper by the department or the court, a license ordered issued and restricted under this Section must include the requirement of installation and maintenance of an ignition interlock device upon a motor vehicle to be used by the licensee during the course of the term of the restricted license, when the suspension of driving privileges arises from operating a vehicle under the influence of alcoholic beverages.
AMENDMENT NO. 5
On page 2, after line 3, insert
